REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 6th July 1891.

No. 4138—416, DATED 6TH JULY 1891.

ORDER.—In continuation of paras 4, 5 and 6 of Government Proceedings No. 78-86—Cir. 2, dated 2nd April 1891, the Excise Commissioner is requested to furnish at once, a list in accompanying form, of all foreign liquors admitted by the Deputy Commissioners into foreign liquor licenses granted by them up to date, and now in force. The list should contain a brief statement of the Deputy Commissioner's, the Special Assistant's and Excise Commissioner's opinions, as regards every liquor entered in it.

2. Additions to the list shall be allowed by the Deputy Commissioners on good satisfactory grounds and upon the application of the licensees only, and a monthly supplemental list in the same forms of all such additions, should be forwarded so as to enable this office to maintain a complete register of all foreign brands authorized and being sold in the Province.

3. A quarterly statement of the consumption of foreign liquors, arranged by Brands and Districts, should also be submitted for the information of this office.

4. The Excise Commissioner is further requested to submit at once, a list of foreign liquors bottled in India, for the sanction of Government under para 7 of the Proceedings above quoted. This list should be accompanied by copies of any guarantees given by the Bottlers, that no country liquors enter into the composition of the particular country bottled foreign liquors in question, the names of which should be given in full detail in a list to be appended to each guarantee.

5. It will be for the license-holder to produce such a guarantee with his application, unless the guarantee in proper form has already been duly registered in the Excise Commissioner's Office.

6. Any respectable local firm who may apply to be permitted to import direct from Europe, America, or Australia, genuine foreign liquors in bottles or in casks should be allowed to do so, free of Excise duty to the Mysore Government, on production of original invoices and Custom House certificates. When imported in casks, facilities will be afforded for properly bottling them under Government supervision before issue for sale. The liquors to be thus directly imported should be select ones, and will be allowed to be sold in foreign liquor shops. The Excise Commissioner will submit a brief memo explaining how such a scheme can best be worked, together with the Special Assistant's opinions on any technical points involved.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 18th July 1891.

No. 4700-8—Cir. 93, dated 18th July 1891.

Order.—The attention of the Survey Superintendent and of Deputy Commissioners of Districts is drawn to Subjects Nos. 105 and 188, (Irrigation cess on Kûshki Ilagayet lands) brought up at the Meeting of the Dasara Representative Assembly, held in October last and to the Dewan's reply to the effect that the levy of Irrigation cess on the assessment of lands irrigated by private wells is irregular. Deputy Commissioners of Districts will investigate the subject and submit a report for the orders of Government together with a statement showing the * particulars of land of the kind above mentioned and the amount of Irrigation cess in question. The Survey Superintendent will report whether the Irrigation cess has been merged in the assessment of lands in Taluks settled after the abolition of the Irrigation cess, as a separate levy (Notification No. 341, dated 1st February 1875) and if so, to what extent.

CIRCULAR.

No. 4709-17—Cir. 94, dated 18th July 1891.

The attention of Deputy Commissioners of Districts, and the Deputy Commissioner of Chitaldroog District in particular, is drawn to Subject Nos. 97 and 143 (Inconvenient proximity of Amrut Mahal Kavals to tank-beds and villages) brought up at the Meeting of the Dasara Representative Assembly held in October last, and with reference to the Dewan's reply thereto to the effect that individual cases of hardship should be represented to Deputy Commissioners, who will take steps to redress cases of real hardship, Deputy Commissioners are requested to closely investigate cases which may be brought to their notice, and report the result for the orders of Government where a rectification of Kaval limits may be necessary. As a rule, the beds of tanks to which village cattle have to resort, and to which there is no other suitable approach, should not be exclusively reserved by the Amrut Mahal Department and the village cattle entirely excluded therefrom. The boundary of an Amrut Mahal Kaval should not be inconveniently near a village or near the grounds in front of a village where cattle assemble.

Chief Secretary.

To—The Deputy Commissioners of the Districts.
Copy to the Officer in charge of the Amrut Mahal Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 20th July 1891.

No. 4807-14—Cir. 95, dated Bangalore, 18th July 1891.

Order.—The attention of the Deputy Commissioners of Districts is drawn to the discussion of Subject No. 13 at the Meeting of the Dasara Representative Assembly held in October 1890.

They are informed that there is no rule prohibiting the entertainment of darkhasts for the assessment and grant for cultivation of unassessed waste land, when assessed unoccupied land is available in the same village.

Applications of the kind in question should be considered and disposed of on their individual merits.

T. ANANDA ROW,
Chief Secretary.

OFFICIAL MEMORANDUM.

No. 4651-9—L. 296, dated Bangalore, 20th July 1891.

The Chief Engineer is requested to cause a statement in the accompanying Form to be prepared for each of the Irrigation Works, *Original*, undertaken and completed subsequent to the year 1880-81, and forwarded to this Office as soon as possible.

2. The Deputy Commissioners of the several Districts are requested to furnish the Chief Engineer without delay such information as he may call for, in view to enable him to complete the statement above called for.

3. The Chief Engineer is also requested to furnish this Office a statement showing :—

(1). The number of miles of each road, opened in each District from 1881-82 up to the end of 1890-91.

(2). The amount of expenditure incurred upon each road up to date.

(3). The direct or indirect benefits that have accrued to the State and people from the opening of the road, as far as they could be ascertained.

No. 5123-32—CIR. 98, DATED 28TH JULY 1891.

ORDER THEREON.—By Circular No. 1113—22, dated 24th March 1890, the attention of the Excise Commissioner, the Comptroller and the Deputy Commissioners of Districts was invited to Dewan's Notification No. 185, dated 24th January 1888, as amended by Notification No. 145, dated 23rd August 1889, and to the Comptroller's Circular No. 1727, dated 27th August 1889, prescribing the checks to be exercised on the demand, collection and balance accounts of the arrack revenue, and those officers were requested to report whether the instructions therein contained were being carefully carried out, whether there was any difference in practice, and what the reasons were for such difference, if any existed.

2. As to the instructions contained in the Dewan's Notifications above cited, the reports read above, received from the officers concerned, were to the effect that they were being carefully carried out and that there was no variation from them in practice. But in the course of his tour, the Dewan has found reason to apprehend that this is not so, and that the principle on which the instructions were issued, has been misunderstood or ignored, so as to frustrate the main object of the procedure prescribed in those instructions.

3. It seems to have been argued that because the Special Assistant Commissioner in the Excise Department has been held to be an Assistant to the Deputy Commissioner of a District in excise matters, as well as of the Excise Commissioner, the duty of comparing cancelled rahadaris with the "pattis" and with the abstract of liquor issues from the Distillery enjoined on Deputy Commissioners by Rule 7, and the duty of comparing these Rahadaris with the detailed accounts of the whole Province, enjoined on the Excise Commissioner by Rule 8, might be delegated to the Special Assistant Commissioner.

4. A little reflection will show that this is wrong. The Special Assistant Commissioner is in immediate charge of the Distillery, and issues the rahadaris in the first instance, and prepares the demand account for the whole Province, and the duty enjoined on Deputy Commissioners and the Excise Commissioner by Rules 7 and 8 is for the purpose of checking the accounts prepared by the Special Assistant Commissioner. This duty, therefore, may not properly be delegated to the Special Assistant Commissioner himself.

5. Under such circumstances, and with a view to correct misunderstanding on the subject, the existing orders will be re-issued with slight modifications as per annexed Notification.

6. As to the Comptroller's Circular No. 1727, it seems to have been modified by his subsequent Circular No. 2255—114, dated 15th September 1889, and No. 3715—C. 27, dated 24th January 1890, with the effect that whereas statements of monthly credits in District and Taluk Treasuries on account of the arrack contract used to be sent to the Comptroller's Office every month, under Circular No. 1727, they are now sent by District Treasury Officers to the Excise Commissioner *direct*. The arrangement under the Circular No. 1727 of 27th August 1889, was made by the Comptroller, under the personal orders of the Dewan, and by way of supplementing the Dewan's Notification of 23rd August 1889. Without an independent audit of the assets by some responsible officials of the Comptroller's Office, no adequate check can be said to be provided, and therefore, it is now ordered that the statements of monthly credits in Taluk and District Treasuries be sent to, and checked and audited in, the Comptroller's Office.

7. The demand, collection and balance statement prepared in the Excise Commissioner's Office, when submitted to Government, should bear the Comptroller's certificate of credit to the amounts therein shown as collected.

8. The Comptroller, in August 1889, asked for some additional establishment for the extra work thus to be thrown upon his office. He is now authorized to entertain at once, an establishment not exceeding Rs. 100 a month, to effect the required audit of arrack accounts from 1st April 1887 and strike a correct balance of the amounts now outstanding against the contractors after eliminating therefrom all sums not pertaining to the current contract. Out of the above mentioned sum of Rs. 100, the Comptroller may, if necessary, give a personal allowance to one of the existing officials on his establishment, for supervising and being responsible for the work. The work should be taken in hand at once, and balances brought up to date within 3 months, and the fact reported to Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 28th July **1891.**

Notification No. 192, dated 28th July 1891.

Under the provisions of Section 55, clause (*g*) of the Excise Act (XXII of 1881) and in supersession of those prescribed in Notifications No. 185, dated 24th January 1888 and No. 145, dated 23rd August 1889, His Highness the Maharaja's Government hereby sanction the introduction of the following Rules for the exercise of proper check over consignments of liquor sent from the Government Distillery to wholesale depôts, and the disposal of the rahadaris which accompany them and the audit of the accounts of realizations of the dues recoverable from the contractor :—

1. Every consignment of liquor will be covered by a rahadari in Form No. 1 appended, which should be with the cartman as proof of his authority to carry; a duplicate thereof shall, at the same time, be sent on to the Amildar of the Taluk, in which is situated the wholesale depôt to which the consignment is made, in Form No. 2 appended. The counterfoil of the rahadari and duplicate (Form No. 3 appended) shall be retained in the Distillery Office. The rahadari, its duplicate and counterfoil should all have the same serial number printed on them.

2. The cart with the liquor and the rahadaris must first be taken to the Amildar, if the depôt is situated at Taluk Head-quarters, or to such other official as the Amildar may depute for this purpose, if the depôt is in any outlying town in his Taluk.

3. The contents of the rahadari should be compared with the duplicate received by the Amildar, as well as, with the details painted on the casks, and the seals on the casks examined. Discrepancies should be reported to the Special Assistant Commissioner, Excise Department and the Deputy Commissioner.

4. The date and hour should then be recorded on the back of the rahadari under the signature and designation of the official appointed by the Amildar for this purpose, and the consignment then passed on to the depôt to be there booked.

5. The rahadari should at once be sent back by the depôt wholesale vendor to the Government official appointed by the Amildar, who should see that the wholesale vendor has noted underneath the Taluk official's endorsement "Contents received and booked," with the date and hour of receipt at the depôt, and "the balance of stock of liquor on hand when this consignment arrived," and if it has been verified by the Government officer who passed the consignment.

6. All the rahadaris dated and issued in any one month should, on the 10th of the following month, (by which time all previous months' consignment have been duly received and disposed of) be brought with a "Patti" giving name of depôt, number, date and contents of pass (Gallons, Drams) to the Amildar, who will after satisfying himself that the instructions given above have been fully complied with, score the rahadari across thus × in red ink from end to end, write the word "cancelled" across the face of each pass under his seal and signature, and send the "Patti" and the cancelled rahadaris on to the Deputy Commissioner of the District. Rahadaris dated and issued in one month, the consignments under which do not arrive before the 10th of the following month, should be dealt with as above, and a supplemental patti sent with them.

7. Amildars shall keep a Register in Form No. 4 appended of duplicates which may be sent to them under Rule 1. The particulars should be entered in this Register in abstract as soon as they are received. The duplicate rahadari should be crossed × at the time the original is cancelled under Rule 6, and the corresponding entry in the Register ticked off. If any consignment which has been advised in a duplicate rahadari is not received within a reasonable time, after the period allowed in the rahadari, the Amildar shall at once report the same to the Deputy Commissioner of the District who will institute the necessary enquiries. For this purpose, the register of rahadaris should be scrutinized by the Amildar or Taluk Sheristadar every week or fortnight.

8. On receipt of the cancelled rahadaris at the District Office, the contents given on the "Patti" should be compared with the abstract account of issues of liquor from the Distillery sent by the Special Assistant Commissioner, Abkari and Excise, monthly to each Deputy Commissioner, and the patti and the file of cancelled rahadaris then sent on to the Excise Commissioner.

9. As the rahadaris are received at the Excise Commissioner's Office, they will be compared with the detailed accounts rendered for the whole Province by the Special Assistant Commissioner, and the whole file of cancelled rahadaris for each month, should be submitted by the Excise Commissioner to the Dewan's Office with an analysis of results and a brief report embodying the principal defects noted by the Deputy Commissioner and the Excise Commissioner in the course of their examination, and of the steps taken to prevent the recurrence of such defects.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 28th July 1891.

10. The file after being carefully scrutinized and checked in the Dewan's Office will be returned to the Excise Commissioner who will retain the cancelled rahadaris as vouchers till six months after each contract has been closed, when they may be destroyed under the supervision of some responsible officer.

11. The duty prescribed on the Deputy Commissioner's Office by Rule 7, and on the Excise Commissioner's Office by Rule 8, shall not be delegated to the Special Assistant Commissioner on whose accounts the procedure prescribed in these rules is intended to be a check. They shall be performed by a responsible official not inferior to the rank of Sheristadar or Head Accountant of their respective offices under the supervision and frequent scrutiny of the Deputy Commissioner and Excise Commissioner respectively.

12. When consignments are received without a rahadari, the liquor should be attached and the matter at once brought to the notice of the Amildar. If he is satisfied that no fraud exists, he may release the liquor on the security of the wholesale vendor, intimating particulars to the Deputy Commissioner, who after the necessary enquiry will direct the issue of a special rahadari to cover the consignment. This special rahadari, shall be in the same form and issued in the same manner as the ordinary rahadaris, but on paper of a different color. It shall be issued by the Special Assistant Commissioner who will sign the same and keep a register and the counterfoils.

13. If the contents in gallons or the number as given in the original rahadari and its duplicate, materially differ from those noted on the cask, the liquor will be sent on to the depôt with the precautions which are required to be taken under Rule 12, to be there examined either by the Amildar himself or by any other officer appointed by him, and a report of such examination should be forwarded by the Amildar to the Special Assistant Commissioner. If the "place" given on the cask differs from that entered in the rahadari, the cask must not be sent to the depôt but kept with the Amildar and the matter reported to the Central Distillery. The wholesale vendor should at once apply for fresh stock by telegraph, if possible.

14. The Deputy Commissioners will give such of the Police Officers and Revenue officials drawing Rs. 10 and above, as are invested with the powers of Excise Officers under Dewan's Notification No. 68, dated 8th July 1884, to understand that it is their duty to see that liquors or drugs when taken are covered by a Government rahadari, and that if they are not so covered, they should hand over the parties in possession of such liquors or drugs to the nearest Police Station for disposal according to law.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 1st July 1891.

No. 3834-7—Cir. 69, dated Bangalore, 1st July 1891.

Order.—The appended rules for the construction of Irrigation wells in the dry Districts of Tumkur, Kolar and Chitaldroog will be published for general information and guidance.

2. The Deputy Commissioners and Amildars concerned will give these rules the widest local publicity possible. The Government are of opinion that the extent to which ryots will come forward to take advantage of these rules will depend upon the promptness and ease with which applications under them are disposed of, and as experience shows that these essential elements are not ordinarily attainable if the working of the scheme is left to the ordinary Revenue Establishments, the Government resolve to depute a special officer to travel in the Districts in question to explain to the ryots the object and scope of the rules and to grant advances in all deserving cases after local enquiry, thus obviating the delay incidental to disposal of applications by correspondence with Amildars and other local officers.

3. Every local officer shall give prompt help and information to the special officer deputed, who shall be under the general control of the Deputy Commissioner in whose District, his operations may be carried on for the time being.

4. The Chief Engineer is requested at once to organize a small boring establishment and place it in charge of the special officer to be appointed.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Kolar, Tumkur and Chitaldroog Districts.
The Chief Engineer, Public Works Department, in Mysore.

Special rules framed by the Government of His Highness the Maharaja of Mysore, under Sections 4 and 10 of the Land Improvement Loans Regulation (IV of 1890,) for the construction of wells.

1. These rules extend to the Districts of Tumkur, Kolar and Chitaldroog, but may, at the discretion of Government, be declared applicable to other tracts. In the Districts to which they apply, loans may, notwithstanding, be made under the ordinary rules framed under the Act.

2. No loan under these rules shall exceed the sum of Rs. 1,000.

3. The loans shall be repayable by equal annual instalments, discharging both principal and interest.

4. The rate of interest charged shall be 3 per cent per annum.

5. All loans must be repaid within thirty years at the latest.

6. A special annual charge shall be made upon the land assigned as the ayakat (irrigable area) of the well for repayment of the debt and interest thereon. It shall not exceed Rs. 5 per acre of the irrigable area, and when in arrear shall be recoverable with interest as an arrear of Land Revenue and also as provided for in these rules.

7. Such charge shall be in addition to the ordinary assessment of the land. The land assessment and the special charge will be separately entered in the patta, but will be payable together with the last khist of each Revenue year. Payments made shall be credited first to land assessment, and the surplus, if any, will be passed to the special charge for the loan.

8. No security, other than the well and the lands assigned as the ayakat, which shall be pledged as security for discharge of the special annual charge, as it falls due, and of the balance of debt unpaid, shall be required.

9. The lands assigned as ayakat shall be entered in a separate patta and shall be inseparably attached to the well until the loan is paid off. If default in the payment of land assessment or special charge occurs and recovery cannot otherwise be made, the entire unpaid balance of the loan shall be deemed to at once become due, and the whole of the land assigned as the ayakat and the well itself shall be sold together for the recovery of the land assessment and special charge in arrear, with interest thereon, as well as of the unpaid balance of the loan, and expenses of sale, if any. The sale shall be regarded as subject to the discharge, under the following Rule, of so much of the principal debt as may remain unpaid out of the proceeds of the sale.

10. From the purchase money realized shall be deducted first the land revenue and special charge in arrear, interest thereon and the expenses aforesaid ; and the overplus, if any, shall be credited in liquidation of the balance of the debt due on the well. The purchaser shall, in case of overplus, be entitled either to have the number of future annual payments proportionately reduced, the amount of the annual charge remaining the same, or to have the amount of the annual charge reduced, the number of future payments remaining the same. On such sale and readjustment, a fresh order and special patta stating future annual instalments and debt remaining due, shall be issued to the purchaser of the well, and the former special patta shall be cancelled. If the overplus exceeds the unpaid balance of the debt, the excess, after payment of such balance to Government, shall be paid over to the defaulter, and the special charge against the well and ayakat shall cease. If there is no overplus or deficit, the special annual charge shall continue unaltered for the rest of the term originally fixed. If there is a deficit, the same will be borne by the Government.

Example.—Rs. 300 are advanced for a well, with a 4 acre ayakat and 30 instalments of Rs. 15·306 under Rule 6 and land assessment at 12 annas an acre, or Rs. 3. Default is made in the fifteenth year and the land and well are at once sold They realize Rs. 150. Deduct land revenue Rs. 3 and instalment Rs. 15·306, total Rs. 18·306. There remain Rs. 131·694. This amount is credited to the balance of debt, (namely Rs. 182·708 by table) thus reducing it to Rs. 51·014. If the purchaser likes, he can have the number of instalments reduced from 15 to 4 or can continue to pay for 15 years more, the instalment being reduced from Rs. 15 to Rs. 4·272 (see Table appended,) or he can make the well free of debt by an immediate payment of Rs. 51·014.

11. On the debt being paid off by completion of the term or under the last rule, the land forming the ayakat shall be held at ordinary assessment, which shall not be subject to enhancement or increase at revision of settlement on account of the improvement due to the well. No charge for irrigation with the water of the well will be imposed either on such land or on any other land irrigated from it, unless otherwise liable to wet rates.

12. No proposals for a loan shall be approved under these rules unless it is estimated, with reference to the market-value of land of like quality irrigated by wells in the locality, that the value of the land assigned as the ayakat will, after the well is in operation, be equal to not less than one-half of the loan applied for.

13. When a raiyat is desirous of obtaining a loan under these rules for the construction of a well, he may apply to the Amildar, Deputy Commissioner or to such officer as may be appointed by Government for the purpose, on deposit of a fee of Rs. 5, to have trial borings made at the proposed site of the well by the establishment, if any, maintained by Government in the District for such purpose. Application forms, serially numbered, will be kept by all Amildars and Deputy Amildars and will be filled up for applicants free of charge or stamp duty on the deposit of the prescribed fee. A copy of the application shall be furnished to the applicant with the payment of the fee duly receipted thereon by the officer taking the application. A printed form, showing nature and thickness of the strata passed through by the borer and the depth at which water is found or not found and the quality of the water, whether saline or otherwise, shall be given to the applicant by the officer in charge of the boring party. If the boring prove unsuccessful, *i. e.*, if water is not met with at 35 feet or at such other depth as Government may from time to time prescribe for particular localities, or if the boring prove successful and the applicant take the loan, the fee shall be refunded. But if the applicant fail to take the loan notwithstanding that the boring has proved successful, the fee shall be credited to Government.

14. Applications for loans under these rules must specify the amount of the loan required, particulars of the land proposed as the ayakat of the well, whether it is registered in the applicant's name and is in his possession, and whether it is mortgaged, or otherwise encumbered, and, if so, particulars of the same. If a trial boring has been made, the printed statement of the result shall be attached to the application.

15. Application forms can be obtained at all offices of Amildars and Deputy Amildars, and applicants may have them filled up either by the givers or by the Shanbhogs of their villages. They may be presented or sent by post or otherwise, to any Revenue Officer of grade not lower than a Deputy Amildar, and applicants shall be furnished with receipts for them.

16. On receipt of an application, the Amildar shall inspect the land and make summary enquiry in the village as to the correctness of the entries in the application, and shall report whether the land will be commanded by the well; and what will, judging from that of like land in the neighbourhood, be the market-value of the land if the well is successful.

The report shall be transmitted to the Divisional or other officer appointed for the purpose, who shall examine whether the loan can be made under the rules, and, if no objection is found, shall accept the application and order the Amildar to advance one-third or half the amount of the loan applied for, after taking an agreement from the applicant to the effect that the money received shall be applied to the purpose intended, and that a substantial and properly constructed well in full working order shall be completed within the time allowable for the execution of the work. Such time shall ordinarily be 6 months, but in case of loans exceeding Rs. 300, the officer granting the loan may extend it to one year. When the first instalment of the loan advanced is expended, the applicant may apply to have the work measured and estimated, and, if work is found to have been done to the value of the first instalment, a second, not exceeding one-third or half the loan applied for, may be advanced; when work for this amount also has been executed, the remainder of the loan, if any, may be advanced. No interest will be charged on the instalments thus advanced. If default is made in the construction of the well, the amount of the preliminary advances authorized by this rule will be recoverable from the applicant as arrears of revenue. But when the work is not completed having had to be abandoned owing to causes beyond the applicant's control, such as no water being found, the expenditure incurred shall be borne by Government.

17. On completion of the well, the applicant shall apply to have the work measured up and estimated at the rates adopted by the Public Works Department. If the value of the work done is within 15 per cent of the amount originally applied for, an order for the loan shall be granted. If the value is less than the amount originally applied for by more than 15 per cent, the applicant shall refund any excess drawn by him and take a reduced loan, the special annual charge being reduced accordingly, or, if it is in excess by more than 15 per cent, he may claim a higher sum than originally applied for, provided always that the conditions of rules 2, 5 and 6 are not infringed.

Example.—A man applies for a loan of Rs. 300 for a well, with a 4 acre ayakat. On completion, the well is found to have cost Rs. 450. The annual charge is limited (rule 6) to Rs. 20, and by table it is found that this will, in thirty years, only pay off Rs. 429·750. He cannot be granted more than this amount. If however, the well is found to cost only Rs. 275, he may claim the Rs. 300 for which the application was accepted, or take Rs. 275, in which case, he will pay only Rs. 12·798 per annum, instead of Rs. 13·902.

18. The amount of loan being finally settled, an order for the grant of the loan in the form appended shall be issued by the Deputy Commissioner and signed by the applicant. Interest will become payable from the date on which the order is issued. A copy of the order shall be given to him, and also a special patta for the lands, on the reverse of which shall be shown the amount which will remain due in each Revenue year supposing instalments to be paid according to the patta. Orders shall, at the same time, issue for striking the land out of the applicant's ordinary patta, which he shall give up for the purpose.

19. The first payment on account of the debt shall be due with the last yearly khist, coming next after the issue of the order granting the loan, if such khist is more than six months off. If less, the first instalment shall be deferred to the last khist of the following Revenue year; *e. g.*, the last khist of the year falls in May, and an order granting a loan is issued in January. The first payment for the loan in such case will be fixed for the following May twelve months. But, if the order granting the loan is issued in November, the first payment will be due in the following May. The term of the loan will run accordingly.

APPENDIX A.

Examples of the use of the Table.

1. Q. In what time will a loan of Rs. 300 at compound interest at 3 per cent per annum be paid off by an annuity of Rs. 15·306 ?

   A. The initial interest of Rs. 300 is Rs. 9 at 3 per cent per annum. The annuity promised is in excess of this amount by 6·306. Dividing the annuity by this excess (15·306÷6·306) we get 2·427. The year against the corresponding number in column 1 of the table is 30. The loan will be paid off in 30 years.

Another mode of Calculation.

If the annuity of Rs. 300 is 15·306, the annuity for 100 is 5·102. The corresponding figure in column 3 of the table is against 30 years. The loan will be paid off in 30 years.

2. Q. What instalment will pay off Rs. 300 at compound interest at 3 per cent per annum in 30 years ?

   A. A loan of Rs. 100 will be paid off in 30 years by an instalment of Rs. 5·102 (*vide* column 3 of the table). Therefore Rs. 300 will be paid off by an instalment of thrice the amount, *i. e.*, 15·306. 100 : 5·102 :: 300 : 15·306.

3. Q. A ryot wishes to pay an annuity of Rs. 15·306 for 30 years. To what loan will he be entitled ?

   A. An annuity of 5·102 for 30 years will pay off Rs. 100, see column 3 against 30 years. Therefore an annuity of Rs. 15·306 will pay off Rs. 300 which is the loan he is entitled to. 5·102 : 100 :: 15·306 : 300.

4. Q. A man takes a loan of Rs. 300 but having failed to pay the annuity and an assessment of Rs. 3, his land is sold by Government at the end of 15 years for Rs. 150. What is the amount of loan due at the end of 15 years ?

   A. The initial interest of Rs. 300 is Rs. 9. This deducted from the annuity of 15·306 leaves an excess of 6·306. This into 18·600—the figure in the 2nd column against 15 years—amounts to 117·292 which is the sum paid off in 15 years. The balance due is (300—117·292)=182·708.

5. Q. Adjust the purchase money of 150 and state what loan remains to be paid by the purchaser ?

   A. Out of the sum of Rs. 150, credit Rs. 3 to assessment and Rs. 15·306 to the annual instalment due for the 15th year. There remains a balance of (150—18·306) Rs. 131·694 ; credit it towards the principal of 182·708 due at the end of 15 years. This leaves a balance of Rs. 51·014 which has to be paid by the purchaser in the revenue sale.

6. Q. If the purchaser wishes to pay the balance due during all the remaining 15 years, what annuity will he have to pay ?

   A. The sum should be worked according to example 2.

   100 : 8·376 :: 51·014 : 4·272.

7. Q. If the purchaser wants to continue the former annuity of Rs. 15·306, in how many years will he pay off the debt ?

   A. The sum should be worked according to example 1.

   If the annuity for 51·014 is 15·306, the annuity for 100 is 30.

The next highest figure in column 3 of the table is 35·363, the number of years against which is 3. The debt will be paid off in the 4th year.

8. Q. State exactly what amount remains to be paid in the 4th year ?

   A. The initial interest of the balance due, *i. e.*, 51·014 is 1·530. The excess of annuity (15·306) over this is 13·776. This multiplied by 3·090 the figure in column 2 against 3 years amounts to 42·567. This deducted from Rs. 51·014—the balance due,—leaves 8·447 which has to be paid in the 4th year.

9. Q. A loan of Rs. 300 is to be paid off in 30 years, but the payment of the instalment is to be deferred and to commence in the 5th year. What is the annuity required?

A. The loan at the beginning of the 5th year with interest will be $300 \times 1{\cdot}1255$—the figure in column 1 against 4 years, *i. e.*, Rs. 337·650. This has to be paid off in 26 instalments :—work according to example 2 as follows :—

A loan of Rs. 100 will be paid off in 26 years by an annuity of 5·595. Therefore a loan of 337·650 will be paid off in 26 years by an annuity of Rs. 18·891.

100 : 5·595 : : 337·65 : 18·891.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 4th July 1891.

READ:—

Docket from the Deputy Commissioner of the Mysore District, dated 18th March 1891, No. 1489, submitting the Budget Estimates of the Municipalities of the Mysore District, excepting those of the Mysore City and French Rocks Sub-Division for the year 1891-92.

No. 3986-97—L. 282, DATED BANGALORE, 4TH JULY 1891.

Hunsur.

ORDER THEREON.—The estimated receipts of this Municipality for the year 1891-92 is Rs. 2,508 against Rs. 2,603, the actuals of 1889-90.

		Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi ...	497	419
II	Tax on houses ...	494	380
VII	Mohatarfa ...	585	463
VIII	Rents ...	...	20
X	Miscellaneous ...	1,119	1,196
		2,603	2,508

2. *I. Octroi.*—The increase which is chiefly in Cloth has not been explained. The actuals of the year 1889-90 under Cloth and the probable collections of 1890-91 are given as Rs. 145 and 146 respectively. There is therefore no reason to justify the increased estimate of Rs. 180 for 1891-92 which will be reduced to Rs. 150.

3. *II. Tax on Houses and VII Mohatarfa.*—The actuals of 1889-90 are stated to include the arrears of previous years collected during that year, while the estimates for 1891-92 do not include such arrears. Hence the decrease in the estimates, which are passed.

4. *VIII. Rents.*—The new estimate under this head is the amount of rent expected to be realized from the market, recently built in the town and is sanctioned.

5. *X. Miscellaneous.*—The increase (Rs. 67) under this head is the result of a gross increase of Rs. 159 and of a gross decrease of Rs. 92 in the items specified in the margin. The increase under "(*m*) Contributions" is stated to be due to the inclusion in the estimate of Rs. 150 on account of the mileage allotment payable by the Public Works Department for the maintenance of the Provincial road recently transferred to the Municipality. The variations under other items are small and call for no remark. The estimate is passed.

6. The receipts as now estimated amount to Rs. 2,178. Adding to this the opening balance of Rs. 4,168, the sum available for expenditure during 1891-92 is Rs. 6,646, of which Rs. 6,620 are proposed to be expended, leaving a balance of Rs. 26 at the end of the year, which is less than 25 per cent of the receipts by Rs. 593. The President states that even the expenditure provided for in the Budget is insufficient and that additional funds would be needed for sanitary improvements of the town, for which the Sanitary Engineer, Mr. Standish Lee suggests a loan should be taken from

Government. If any special improvements are necessary and a loan is urgent, the Government will consider the matter when the application for the same is received; but in the meantime, the ordinary Budget expenditure must be reduced.

7. *V. Police.*—The provision, which is in accordance with the sanctioned scale of charges is retained. The establishment of the Municipal Police was sanctioned on the 6th December 1889, but none was probably employed during the year.

8. *VII. Lighting.*—In 1890-91, provision was made for the purchase of lamp-posts and lanterns at a cost of Rs. 200 and no cost was apparently incurred for lighting. During 1891-92, 14 lamps are proposed to be lighted on contract at Rs. 1½ per lamp per mensem. The Government consider that the monthly rate of Rs. 1—8—0 per lamp is excessive. The Deputy Commissioner should try to reduce the charge. The provision will however be retained.

9. *VIII. Public Works.*—The provision under this head, which is for the marginally noted works includes Rs. 500 under (*a*) Supervision Establishment to meet the quota payable by the Municipality towards the pay of a Surveyor employed by the Public Works Department to carry out the sanitary improvements of this and other towns. The provision is excessive, and it is not explained under what authority the Surveyor was employed and what work he did. Pending explanation of the whole matter, the provision will be struck out. It is not also explained for what purpose the provision of Rs. 1,500 under "(*f*) Water supply, original" has been made. Pending explanation, the provision will be reduced to Rs. 1,200.

10. *XI. Miscellaneous*—The decrease under this head is in (*h*) Other items, under which only Rs. 100 are provided for unforeseen expenditure against Rs. 150 sanctioned for 1890-91. The estimate is sanctioned.

11. The estimate as now sanctioned comes to Rs. 5,820 and the closing balance stands at Rs. 826. A portion of this may have to be sanctioned for supervision of works, when the explanation called for is received.

Chamrajnagar.

12. The receipts of this Municipality for 1891-92 are estimated at Rs. 698 against Rs. 798, the actuals of 1889-90.

II. Tax on Houses and VII Mohalarfa.—The decrease under these heads has not been explained, but as the estimates are stated to have been based upon the Jamabandi, they are sanctioned.

13. X. *Miscellaneous.*—The decrease is chiefly in (*d*) Pounds, which is an item of uncertain nature. The Government note that no estimate is entered under "(*m*) Contributions" on account of the mileage allotment payable by the Public Works Department for the maintenance of the Provincial road in the town. Probably the road has not as yet been transferred to the Municipality. The estimate will be retained.

14. Including the opening balance of Rs. 2,792, the sum available for expenditure during 1891-92 is Rs. 3,490 of which Rs. 2,416 are proposed to be expended, leaving a balance at the end of the year of Rs. 1,074 which is more than 30 per cent of the receipts by Rs. 865.

15. *IV. Conservancy.*—In the Budget for 1890-91, a sum of Rs. 141 was provided for the purchase and hire of a cart. No such provision is made in the Budget for 1891-92. The estimate for 1891-92 should therefore be less than that of the previous year, but it is more as the estimate includes the increase sanctioned to the pay of Sweepers in Government Proceedings, dated 29th November 1890, No. 9946 7—1316 L S8 for the whole year, while that for 1890-91 included only the increase for 6 months. The estimate is passed.

16. *VII. Lighting.*—The details of the charges are given in the margin. The lighting is proposed to be given out on contract and so no provision is made for Mashalchi.

17. *VIII. Public Works.*—The marginally noted works are proposed to be executed during 1891-92. The provision is passed. Considering the balance on hand, the President is requested to propose a further allotment of Rs. 800 for useful works. The Government doubt whether it is absolutely necessary to erect a compound wall to the Dodarsinakere Kola at such a large cost as Rs. 748 and whether a strong hedge will not meet the object. The President is requested to consider the matter well before undertaking the work.

18. *XI Miscellaneous.*—Under "(*h*) Other items," a sum of Rs. 100 was sanctioned for 1890-91 on account of any charges which may have to be incurred when distinguished persons visit the Khaddah, while in the present Budget Rs. 50 only are entered on that account. The estimate is sanctioned.

21. Including the opening balance of Rs. 1,514, the sum available for expenditure during 1891-92 is Rs. 1,973, of which Rs. 1,810 are proposed to be expended, leaving a balance of Rs. 163 at the end of the year.

26. *II. Tax on Houses and VII Mohatarfa.*—The estimates are stated to be based on the Jamabandi and will be passed. But the decrease under Tax on houses requires explanation, which should be submitted.

27. Including the opening balance of Rs. 376, the sum available for expenditure during 1891-92 is Rs. 670, of which Rs. 325 are proposed to be expended, leaving a balance at the end of the year of Rs. 345, which is more than 30 per cent of the receipts by Rs. 257.

28. *IV. Conservancy.*—During 1891-92 the pay of the two Sweepers employed by the Municipality is proposed to be raised from Rs. 4 to 5 each per mensem. This accounts for the increase in the estimate. The increase of pay proposed is sanctioned and the provision retained.

29. *VIII. Public Works.*—The provision of Rs. 180 made under this head for repairing roads in the town is passed. As more funds are available, the President is requested to propose further expenditure of Rs. 250 for useful works.

32. *X. Miscellaneous.*—The increase under this head is chiefly in "(*a*) Sale of houses and lands," under which Rs. 150 are expected by reason of the increased demand for house sites in the town. The estimate is passed.

33. Including the opening balance of Rs. 1,110, the sum available for expenditure during 1891-92 is Rs. 1,563, of which Rs. 1,235 are proposed to be expended, leaving a balance at the end of the year of Rs. 328, which is more than 30 per cent of the receipts by Rs. 193.

The present Budget provides for the increased rates of pay and for an additional Sweeper on Rs. 5 per mensem. This accounts for the increase in the estimate compared with the sanctioned estimate for 1890-91. The entertainment of an additional Sweeper is sanctioned and the provision retained.

42. *II. Tax on Houses and VII Mohatarfa.*—The actuals of 1889 90 are stated to include the arrears of the previous years collected during that year, while no such outstandings are expected to be collected during 1891-92. The estimates are sanctioned.

43. *X. Miscellaneous.*—The decrease, which is chiefly in (*h*) Other items, has not been explained. The omission should be supplied. No estimate is entered under "(*m*) Contributions" on account of the maintenance allowance payable by the Public Works Department, for the maintenance of the Provincial road in the town. The omission is probably due to the road being still maintained by the Public Works Department. The estimate will stand.

44. Including the opening balance of Rs. 12,334, the sum available for expenditure during 1891-92 is Rs. 15,386, of which Rs. 14,320 are proposed to be expended, leaving a balance at the end of the year of Rs. 1,066.

47. *VIII. Public Works.*—For 1890-91, a provision of Rs. 300 was sanctioned for "(*a*) Supervision." The amount is now proposed to be raised to Rs. 500. The Supervisor employed is probably the same person referred to in para 9 *supra*. If so, more information should be submitted, as to the value of the works he supervised in each of the Municipalities, the salary granted to him, and the apportionment made of the charge among all the Municipalities, whose works he has superintended. Pending the receipt of the explanation, the last year's estimate will be repeated. The provision for works will be retained.

50. *II. Tax on Houses and VII Mohatarfa.*—The decrease in the estimates under these heads has not been explained. The omission should be supplied meanwhile. The estimates will stand.

51. *X. Miscellaneous.*—The increase is mainly in "(*f*) School fees," under which Rs. 96 are expected from the English school recently established in the town. The Government observe that the fee income promised by the people is Rs. 10 per mensem or 120 per annum; while so, it is not explained why only Rs. 96 are entered. The estimate will be raised to Rs. 120.

52. The receipts as now estimated amounts to Rs. 488. Adding to this the opening balance of Rs. 2,954, the sum available for expenditure during 1891-92 is Rs. 3,442, of which Rs. 2,288 are proposed to be expended, leaving a balance at the end of the year of Rs. 1,154, which is more than 30 per cent of the receipts by Rs. 1,008.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th July 1891.

READ :—

Docket from the Senior Surgeon, dated 1st June 1891, No. 1183, farwarding Docket dated 27th May 1891, No. 361, from the Deputy Commissioner, Tumkur, stating that there is no sufficient provision in the District Fund Budget for 1891—92 to meet the cost of certain articles for the Dispensary at Turuvekere and recommending that the Deputy Commissioner may be authorized to pay their cost out of the savings under Huliyurdurga Dispensary, which has not as yet been sanctioned.

No. 4097-105—L. 284, DATED 7TH JULY 1891.

ORDER THEREON.—The description of the articles referred to in the above and their cost have not been mentioned. The Senior Surgeon is requested to cause an estimate of the cost of articles to be prepared and submitted to this office. Orders will be issued for payment on the receipt of the estimate.

2. In future the Senior Surgeon should forward to the Deputy Commissioner before 1st December every year an estimate of the cost of articles required for each Dispensary in the following official year in view to the necessary provision being made in the District Fund and Municipal Budgets.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Senior Surgeon.
The Deputy Commissioner, Tumkur District.
The Deputy Commissioners of other Districts for information.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th July 1891.

READ THE FOLLOWING PAPERS :—

From the Deputy Commissioner, Kadur District, To the Chief Secretary to the Government of Mysore, No. 151, dated Chikmagalur, 20th June 1891.

I have the honor to bring to the notice of Government a difficulty which has arisen in consequence of the figures adopted by the Chief Engineer in his *Local Fund Budget for 1891-92 differing from those arrived at by the Local Fund Board at their Meeting on the 10th October 1890, and accepted by Government in Proceedings No. 12553-62—L. 287, dated 24th January 1891.

* In the Preliminary Issue of the Public Works Budget Estimates for 1891-92.

2. Appendix A shows the differences under the †Budget Head "Abstract Statement of assets and grants."

† In the Preliminary Issue of the Public Works Budget Estimates for 1891-92.

3. It will there be seen that whereas the total receipts for 1891-92 (less civil charges) which have been accepted by Government amount to Rs. 63,627, the Chief Engineer finds a sum of only Rs. 57,200 available, the whole of which appears to have been granted for expenditure on Public Works.

4. The details of this expenditure of Rs. 57,200 will be found in Appendix B under the ‡Budget Head "Abstract Estimate of Charges" which also exhibits the differences referred to.

‡ Preliminary Issue.

5. From Appendix B, it will be observed that whereas the Board proposed to spend only Rs. 14,530 on Original Works Communications, the Chief Engineer provides Rs. 21,000 and that he allows only Rs. 1,000 for Original Miscellaneous Public Improvements and Rs. 500 for Repairs Ditto, where the Board require Rs. 2,500 and Rs. 1,000, and which also Government has sanctioned.

6 In the Proceedings above quoted, Government asked for details of the sum of Rs. 2,500 provided under Original Miscellaneous Improvements.

7. This information as noted in the margin was given in para 3 of this office No. 50, dated 1st May 1891.

Well at Oblapur	... ...	100
Bettadahalli tank	... ...	500
Well at Hulu Timmapur	...	200
Do Hariharpur	... ...	500
Do Jigamikatte	... ...	200
Do Aldur	... ...	500
Do Mudigere	... ...	500
	Total Rs...	2,500

8. Government further enquired why no provision to spend half the balance of available funds in the excavation of wells was made in the Budget.

9. This was also explained in the said para 3.

It was because the Amildars had not come prepared with projects in which the whole of this extra amount could be profitably spent. But by the time of the Meeting in April projects had been got ready, and the proceedings of that Meeting in which the expenditure of an extra sum of Rs. 6,550 was provided for, was submitted to Government with this office No. 50, dated 1st May 1891.

10. It may be noted that at the same Meeting provision was also made for the expenditure of the sum of Rs. 10,060 which Government allowed from Local Funds General. (*Vide* Government Proceedings No. 13080-9—288-375, dated 4th March 1891 and this office No. 49, dated 1st May 1891.)

11. The difficulty now felt is this: The Chief Engineer relying on the correctness of the figures entered in his Budget, declines to allow any more expenditure on Miscellaneous Public Improvements than the sums therein provided. (*Vide* copy of his letter No. 2418, dated 11th June 1891 appended.)

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th July 1891.

12. But the apprehended paucity of funds does not appear to exist if the figures give by the Board and accepted by Government as correct, are allowed to stand good.

13. The sum available for expenditure is	63,627
The estimate of expenditure sanctioned by Government is ..	52,600
Balance available..	11,027
Extra expenditure on Miscellaneous Public Improvements proposed at the Meeting of October 1890 and allotted at the Meeting of 1891	6,550
Balance still available..	4,477

14. I have no means of knowing how the Chief Engineer arrives at his figures, but the are certainly not in accordance with those relied upon by th Board and sanctioned by Government in their Proceedings, copy of which was furnished by Government to the Secretary Public Works Department.

Note.—Copies of Board Proceedings of October 1890 and April 1891 have also been furnished to the Public Works Department Secretary.

15. The Amildars now press for money to carry out works (especially wells) which in som instances have been begun in expectation that the funds sanctioned for them would be forthcoming

16. The early orders of Government are therefore earnestly solicited.

From the Chief Engineer of Mysore, To the Deputy Commissioner, Kadur District, No. 2418, dated Bangalore, 11th June 1891.

Deputy Commissioner's Nos. 204 and 256 of 2nd and 8th May respectively, regarding extra allotment of Rs. 6,500 required under Miscellaneous Public Improvements, District Funds, for certain wells, &c., proposed to be taken up in the Proceedings of the Local Fund Board held on the 20th April 1891.

Has the honor to inform the Deputy Commissioner that from the limited funds available from the District assets, it has not been possible to provide in Preliminary Budget for 1891-92 (which has already been issued and cannot now be altered) more than Rs. 1,500 (Rs. 1,000 under Original and Rs. 500 under Repairs) under Miscellaneous Public Improvements for sinking wells, &c. If a further allotment of Rs. 5,000 under this head as would appear from the Proceedings is required and cannot be spared from the special grant of Rs. 10,000 sanctioned by Government in their Proceedings No. 13680—288 of 4th March 1891, it will be necessary for the Deputy Commissioner to address Government.

2. The Executive Engineer will be ordered to sanction estimates for the maintenance of the following roads referred to in paras 6, 7 and 8, the funds required for the respective roads being taken from the Reserve grant that will shortly be placed at his disposal under Repairs, Communication, District Funds :—

3. The question of granting funds from Irrigation Budget for the temporary water supply to Chikmagalur Town has been disposed of already, *vide* this office No. 2296 of 4th instant.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th July 1891.

No. 4117-26—L. 286, DATED 7TH JULY 1891.

ORDER THEREON.—In passing the District Fund Budgets of the several Local Fund Circles for 1891-92, the opening balances given by the Deputy Commissioners were assumed to be correct, but now the Government observe that there is a large difference between the figures given by the Deputy Commissioners and those entered by the Public Works Department in their Budget for 1891-92. The differences are noted below and the Comptroller is requested to state the actual balance on 1st April 1891.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th July 1891.

The Government do not understand on what authority, the Public Works Department have inserted their figures. The appropriation of the District Funds entirely rests with the District Boards, subject to the approval of Government. No provision that is not sanctioned by the Local Fund Committee could be utilized by the Public Works Department. The Chief Engineer is therefore requested to modify his Budget figures according to the amounts sanctioned by the District Fund Boards and approved by Government. It is presumed that the works proposed under Miscellaneous Public Improvements will be executed by the Revenue Department. The Chief Engineer need not make any provision for the same in his Budget. The Deputy Commissioner will carry out the works departmentally, submitting the estimates for the sanction of Government.

5. In future, the Public Works Department should make no provision in their Budget for works to be executed from District Funds, until the District Fund Budgets have been passed by Government. The Comptroller is also requested to forward to this office a statement of the actual balance of District Funds at the end of each year within 3 months after its expiration.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 8th July 1891.

READ :—

Letter from the Deputy Commissioner, Kadur District, dated 1st May 1891, No. 50, submitting the information called for in Government Proceedings dated 24th January 1891, No. 13553-63—262-L. 287, in regard to the District Fund Budget Estimates of the Kadur District for the year 1891-92.

No. 4106-16—L. 285, DATED 8TH JULY 1891.

ORDER THEREON.—The estimate *A* now submitted does not give the information, that was called for in the Government Proceedings dated 24th January 1891. What the Government wanted was the assets upon which the land cess was collected and this information was called for in order to see whether the land cess upon Inams has been correctly calculated or not. This information should now be submitted. Meanwhile the present estimate of Rs. 50,218 will stand. The explanation that the increase in the estimate of Local Cess on Land Revenue for 1891-92 over that for 1890-91 is due to the extension of cultivation, is accepted.

Government Proceedings. Para 1.	Deputy Commissioner's Letter. Para 1.

2. *III. Travellers' Bungalows and Musafirkhanas.*—The Deputy Commissioner now states that the increase of Rs. 72 over the sanctioned estimate for 1890-91 was on account of the pay of the watcher on Rs. 6 per mensem for the Musafirkhana at Aldur, sanctioned in Government Proceedings dated 16th May 1890, No. 2003-5—66, and that no provision was made in the original Budget on account of the increase and pay of 7 servants costing Rs. 264 proposed by the Local Fund Board, as they have not as yet been sanctioned. He now requests that the provision already sanctioned may now be raised by Rs. 264. This is accordingly sanctioned, the details of the provision being as shown in the margin.

3. *Public Works.*—The details of the provision under *I. Original Miscellanc Public Improvements* are as noted in t margin. The Local Fund Board in Pa 3 of their Proceedings dated 20th Ap 1891 propose to spend out of the balan on hand *Rs 6,550 on the improv ment of the supply of water for drinki in the several Taluks. These works a estimated to cost Rs. 8,525 and t difference between this amount and t sum proposed to be met from Distr Funds is to be met from contribution money or labor from the villagers co corned. The proposal is approved. It presumed that these works will be execut by the Revenue Department.

No. 4908-16—L. 331, DATED BANGALORE, 24TH JULY 1891.

ORDER.—Cases have come under the notice of Government in which Distri Fund Boards and Municipalities have drawn sums sanctioned for expenditure i one year and kept them in deposit to be spent in the following years. This cours is irregular and opposed to the system of Budget sanctions. No money which not required for immediate expenditure should be drawn from the Treasury, an if any sum drawn in the hope of being spent immediately happens not to be spe within the end of the year in which it has been drawn, the balance remaining o hand should be credited in the accounts on the 31st March every year, and the wor for which the money is required should be shown in the next year's Budget, or Supplemental Budget forwarded if the Budget had been already despatched.

2. The Presidents of Municipal Boards and District Fund Boards are requeste to submit at once a statement showing the sums sanctioned in the previous years but remaining in deposits without being spent, to credit money forthwith to thei proper heads, and to forward a Supplemental Budget for the sums required to b spent out of the above amounts during 1891-92.

3. Even when advances are sanctioned from other Funds, such as Local Fund General, for any special works, the whole amount of advance need not be drawn a at once. It may be drawn in such instalments as may be necessary, and if any por tion of the advance so drawn is not spent within the official year in which it has bee drawn, the unexpended balances should be credited to the Municipal or District Fun from which the advance has been sanctioned. On no account, should unexpende money be kept in deposit. The balance on the last day of the year in favor of Muni cipal or District Fund should always correspond with the cash in the Treasury.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 4th July 1891.

READ :—

Docket from the Deputy Commissioner, Shimoga District, dated 9th March 1891, No. 772—725, submitting the Budget Estimates of the several Municipalities of the Shimoga District for the year 1891-92.

No. 3974-85—L. 281, DATED 4TH JULY 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Shimoga District for the year 1891-92. It must be here remarked that the Budget statements have not been prepared in accordance with the instructions issued by Government. In column 5 of the Budget Statement No. 1, the probable collections and expenditure of the 2nd half of the year 1890-91 ought to have been entered as required in para 2 of the Official Memorandum dated 8th December 1889, No. 6861-70—157, but instead of this, the actuals of the 1st half of the year 1889-90, which serve no purpose, have been entered. Due notice should be taken of the carelessness of the clerk, who prepared the statements. The President, under whose orders the statements are prepared, should have noticed it.

Shimoga.

2. The estimated income of this Municipality for the year 1891-92 is Rs. 14,136 against Rs. 14,454, the actuals of 1889-90.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi ...	5,998	5,930
II	Tax on houses ...	2,943	3,807
VII	Mohatarfa ...	4,309	3,195
VIII	Rents ...	90	150
X	Miscellaneous ...	1,114	1,054
	Total.....	14,454	14,136

3. *I. Octroi.*—The decrease under this head is small and calls for no remark.

4. *II. Tax on houses.*—The estimate is stated to be based upon the Jamabandi amount for the year 1890-91, while the actuals of 1889-90 only represent the amount collected out of the Jamabandi for that year. This explanation is not quite clear. The President is requested to state whether the Jamabandi amount of 1890-91 is in excess of that of 1889-90 and if not, how he expects an increase in the collections.

5. *VII. Mohatarfa.*—The decrease under this head, which is chiefly in "(*a*) Shop-tax" and "(*d*) Cart tax" is stated to be due to the actuals of 1889-90 having included the arrears of previous years collected during that year, while there are no such arrears to be collected in 1891-92. The estimate is passed.

6. *VIII. Rents.*—The increase under this head has not been explained. The omission should be supplied. Meanwhile, the estimate will be allowed to stand.

7. *X. Miscellaneous.*—The decrease under this head is the result of a gross decrease of Rs. 220 and of a gross increase of Rs. 160 in the items noted in the margin. The cause of the decrease in "(*n*) Other items" has not been explained; but the estimate is stated to include "Rents on goods kept in the Sayer-katte before their removal by their owners" and "other miscellaneous items." The President is requested to state the amount of the rent so levied and whether it is on account of goods, on which Octroi duty is levied, or of goods, on which Sayer duty is collected

Decrease.	Rs.	*Increase.*	Rs.
(*a*) Sale of house sites	19	(*g*) Sale of manure	6
(*d*) Pounds ...	1	(*m*) Contributions ...	154
(*e*) Sale of grass ...	65		
(*f*) Do smuggled goods	1	Total Rs...	160
(*k*) Amaravi ...	3		
(*n*) Other items ...	131		
Total...	220		

If the former, it should go under "I. Octroi, Storage and Rahadari fees" and if the latter, it is not clear how the Municipality has any right to collect it. The increase under "(*m*) Contribution" is due to the mileage allotment payable by the Public Works Department for the maintenance of the Provincial roads transferred to the Municipality during 1891-92. The Deputy Commissioner is requested to state whether the estimate includes maintenance allowance on account of District Fund roads which have also been transferred to the Municipality. The variations under other items are small and call for no remark.

8. Including the opening balance of Rs. 3,000, the sum available for expenditure during 1891-92 is Rs. 17,136, of which Rs. 14,236 are proposed to be expended, leaving a balance of Rs. 2,900, which is less than 25 per cent of the receipts by Rs. 634. As the Municipal Board find themselves unable to reduce the estimated expenditure or to raise the estimate of the receipt, they request that the proposed expenditure may be sanctioned by Government.

Items.	Expenditure.	Actuals of 1889-90.	Estimate for 1890-91.	Estimate for 1891-92.
II	Head Office ...	317	337	437

VIII	Public works ...	2,478	3,899	2,450
IX	Charitable grants ...	600	600	600
XI	Miscellaneous ...	1,534	1,728	1,845
	Total...	15,693	14,522	14,236

9. *II. Head office.*—The increase under this head compared with the sanctioned estimate for 1890-91 is due to the provision "for Office furniture and forms" being proposed to be raised from Rs. 25 to Rs. 125 to meet the cost of printing the Municipal Board's Proceedings. The estimate is sanctioned.

10. *IV. Conservancy.*—It is now proposed to employ permanently 2 additional scavengers and 2 Jail peons to guard convicts employed in Municipal work, at Rs. 7 each per mensem and Kalihat Establishment costing Rs. 360, the total additional cost amounting to Rs. 696. The provision for Kalihat Establishment is excessive and will be reduced to Rs. 200. The other items are passed.

11. *VII. Lighting.*—During the year 1891-92, new lamp posts and lanterns are proposed to be purchased at a cost of Rs. 250 for being supplied to certain parts of the town, in which their want is stated to be much felt. The Government have no wish to interfere with the discretion of the Board and they accordingly sanction the expenditure as the item is not a recurring charge.

12. *VIII. Public Works.*—The provision, which is for the marginally noted works, is sanctioned.

14. The charges as now sanctioned amount to Rs. 14,076 and the closing balance to Rs. 3,060, which falls short of the ¼th of the receipts by Rs. 474.

Chanmagiri.

15. The receipts of the Municipality for 1891-92 are estimated at Rs. 1,160 against Rs. 1,142, the actuals of 1889-90.

X.	Miscellaneous	...	306	260
		Total...	1,142	1,160

16. *II. Tax on houses.*—The small increase under this head is said to be due to the increase in the number of houses. The estimate is passed.

17. *VII. Mohatarfa.*—Owing to the increase in the number of shops and carts, larger estimates are entered under these two sub-heads. The estimate is sanctioned.

18. *X. Miscellaneous.*—The decrease, which is chiefly in (*n*)"Other items" has not been explained. This should be now done. Meanwhile, the estimate will stand

19. Including the opening balance of Rs. 1,878, the sum available for expenditure during 1891-92 is Rs. 3,038, of which Rs. 2,715 are proposed to be expended, leaving a balance of Rs. 323 at the end of the year.

		Total...	1,111	2,600	2,715

20. *IV. Conservancy.*—A provision of Rs. 4 is newly proposed for the repair of conservancy carts. This accounts for the increase in the estimate, which is sanctioned.

21. *VIII. Public Works.*—The provision under this head consisting of the marginally noted works includes Rs. 1,480 on account of the construction of a well for the towns-people provided in the Budget for 1890-91, but not executed before the expiration of the year. The estimate is sanctioned.

22. *X. Education.*—The increase under this head is due to the provision of Rs. 31 newly made for the purchase of furniture for the English school. The estimate is retained; but the President is requested to report whether the estimate represents the full cost of furniture or only a moiety chargeable to Municipal funds.

Honnali.

23. The estimated income of this Municipality for 1891-92 is Rs. 1,167 against Rs. 1,070, the actuals of 1889-90.

		Total.....	1,070	1,167

24. *II. Tax on houses and VII. Mohatarfa.*—The increase under these heads is stated to be due to the house and shop taxes having been recently revised. The estimates are passed.

25. *VIII. Rents.*—The new estimate under "(*b*) Gardens" has not been explained. This should be now done. Meanwhile, the estimate will stand.

26. *X. Miscellaneous.*—The increase which is chiefly in (*f*) School fees is stated to be due to the increase in the number of pupils in the school which is in a flourishing condition. The estimate is approved.

27. Including the opening balance of Rs. 1,282, the sum available for expenditure during 1891-92 is Rs. 2,449, of which Rs. 2,093 are proposed to be expended, leaving a balance of Rs. 356 at the end of the year.

	Total...	1,084

29. *X. Education.*—The increase under this head is due to the (Provision Rs. 26) newly made for the purchase and repairs of furniture. The estimate is sanctioned.

30. The other items do not call for any remark.

Nyamati.

31. The estimated income of this Municipality for 1891-92 is Rs. 1,483 against Rs. 1,520, the actuals of 1889-90. The estimate is fair and is passed.

I.	Octroi	514	500

READ THE FOLLOWING PAPERS :—

Letter from the Deputy Commissioner, Hassan District, dated 26th March 1891, No. 604, submitting the Budget Estimates of the several Municipalities of the Hassan District for the year 1891-92.

2. Letter from the Senior Surgeon, dated 7th April 1891, No. 858, regarding the establishment of a Local Fund Dispensary at Alur.

No. 4917-28—L. 332, DATED 23RD JULY 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Hassan District for the year 1891-92. It must be observed here that the Budget Statements have not been carefully prepared. In column 4 of the Budget Statement No. I, the actual collections and expenditure of the first half of the year 1889-90 are entered instead of the actuals of the first half of 1890-91, and in column 5 the actuals of the first half of 1890-91 are given instead of the probable collections and expenditure of the 2nd half of the year 1890-91. The figures given serve no purpose. The attention of the Deputy Commissioner is invited to the instructions contained in para 2 of the official Memorandum, dated 8th December 1889, No. 6861-70—157 and is requested to see that the statements are prepared with greater care.

Hassan.

2. The income of this Municipality for 1891-92 is estimated at Rs. 7,105 against Rs. 5,831, the actuals of 1889-90.

Items.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.
I	Octroi	1,584	2,600
II	Tax on houses ...	2,080	2,030
VII	Mohatarfa	1,192	1,400
IX	Fines	...	8
X	Miscellaneous	975	1,067
	Total.....	5,831	7,105

3. *I. Octroi.*—The increase under this head is chiefly in "II Sheep and Goats" and "VII Cloths." The estimates are stated to have been based on the actuals of the first eleven months of the year 1890-91, which amounted to Rs. 2,222 under all heads, and on the probable collections of the last month of the year. The Government do not consider it safe to estimate such a large increase with reference to the actuals of one year. The estimate will therefore be reduced to Rs. 2,100, which is about the average of the actuals of 1889-90 and the probable collections of 1890-91.

4. *II. Tax on Houses and VII. Mohatarfa.*—The decrease under "House Tax" and increase under "Mohatarfa" have not been explained. The estimates are however stated to be based on the Jamabandi. The estimate under House Tax will be retained and that under Mohatarfa reduced to Rs. 1,300.

5. *IX. Fines.*—The new estimate under this head is small and calls for no remark.

6. *X. Miscellaneous.*—The increase of Rs. 92 is the result of a gross increase of Rs. 252 and of a gross decrease of Rs. 160 in the items specified in the margin. The new estimate under "*(m)* Contributions" has not been explained. As regards this the attention of the Deputy Commissioner is invited to para 5 of Government Proceedings, dated 25th July 1890, No. 6329-40—131 and he is requested to report whether the estimate includes the maintenance allowance of the Provincial and District Fund roads passing through the town, transferred to the Municipality under Public Works Department Circulars, dated 16th April 1886 and 20th December 1889, Nos. 32 and 97—98 respectively. If not, the estimate will have to be revised. The increase under "*(d)* Pounds," which is based on the actuals of the first 11 months and the probable collections of the last month of the year 1890-91, and the variations under other items, which are small, call for no remark.

Increase.		Rs.	Decrease.		Rs.

(m)	Contribution	144			
	Total...	252		Total...	160

7. The receipts as now estimated amounts to Rs. 6,505. Adding to this the opening balance of Rs. 6,378, the sum available for expenditure during 1891-92 is Rs. 12,883, of which Rs. 9,601 are proposed to be expended, leaving a balance at the end of the year of Rs. 3,282, which exceeds 30 per cent of the receipts by Rs. 1,331, which is reserved for the drainage scheme of the town.

	Total.....	6,458	7,896	9,601

8. *III. Collection.*—Four Peons were sanctioned for the collection of Octroi duty in July 1888 for only one year and as they were proposed to be retained in 1890-91, the Deputy Commissioner was *requested to explain the necessity for the same. In the present Budget, the President proposes not only their retention but also the employment of 2 additional Peons on Rs. 5 each and states that the services of the Octroi Peons have proved useful, inasmuch as the collections for the first eleven months of the year 1891-92, have come up to Rs. 2,'22, while the actuals of the 12 months in 1889-90 were only Rs. 1,584 ; and that the addition of another Katte with 2 Peons attached to it is necessary on the important trafficable road leading to Saligrama market. The Government observe that the cost of the Octroi establishment proposed is 24 per cent on the estimated collections and is high ; but as the increased establishment has resulted in an increase of the revenue, the Government are pleased to sanction the proposal tentatively for the year 1891-92.

* Para 7 of Government Proceedings, dated 26th July 1890, No. 6329-40—131.

9. *IV. Conservancy.*—There are 15 Sweepers, and 4 Peons and 1 Dafadar superintend their work. The President proposes to employ 4 more Sweepers on Rs. 6 each and to engage 3 carts instead of 2 carts for 12 months and one cart for 6 months. The proposal involving an increase of Rs. 360 in the cost is sanctioned.

10. *VII. Lighting.*—In 1890-91, there were 47 lamps and 2 additional lamps are proposed to be purchased in 1891-92; but the total number to be lighted during the year is given as 56. The Deputy Commissioner is requested to explain the discrepancy. Meanwhile the estimate, the details of which are given in the margin will be allowed to stand.

(1)	Cost of lighting ...	47	494	56	588
(2)	Lamp-posts and lanterns	0	0	2	100
	Total Rs...	...	494	...	688

11. *VIII. Public Works.*—The marginally noted works are proposed to be executed during 1891-92. The estimate is passed; but the Government note that the provision for compensation is high and it is not clear for what purpose such a large sum is required. The matter however will be noticed when estimates or notifications of sanction for compensation are submitted.

12. *IX. Charitable Grants.*—In the present Budget, a provision is newly made on account of vaccination charges and on account of increase of pay from Rs. 20 to 25 to the midwife employed by the Municipality. The provision of Rs. 30 entered on account of vaccination charges is sanctioned; but as regards the increased rate of pay proposed to be given to the midwife, the President is requested to state why provision is made at Rs. 25 per mensem, while the pay sanctioned for her by the Municipal Board in para VII of their Proceedings, dated 5th May 1890 was only Rs. 15. Meanwhile the estimate will stand.

13. *XI. Miscellaneous.*—The details of the provision under this head are given in the margin. The new estimate of Rs. 50 under (c) is stated to be $\frac{1}{3}$rd of the cost of the repairs of the cattle pounds debitable to the Municipality. The President is requested to state whether the Pounds are within the Municipal limits of the town and if so why only $\frac{1}{3}$rd of their cost of repair is proposed to be charged to the Municipality instead of the whole cost. It should also be explained how the remaining $\frac{2}{3}$rds cost is proposed to be met. If the Pounds are not within the Municipal limits, then it should be explained why the Municipalities should make any contribution at all. Meanwhile the provision will stand. The estimate of Rs. 400 entered against "Topo. Survey of the town" represents the cost to be incurred in the taking of the correct survey and levels of the town in order to perfect a complete system of drainage. The estimate is approved. The provision under Contingencies is shown both in regard to this Municipality and the other Municipalities under "II Head Office" in Statement No. I and under IV Conservancy or "XI Miscellaneous" in Statement No. III. In the absence of the details of the charges, it is not possible to determine the correct head under which they should appear. The Deputy Commissioner is requested to explain what the contingencies are intended for. Pending explanation, the estimate will be retained under this head.

15. *I. Octroi.*—The estimate which is more than double of the actuals of 1889-90, is stated to have been based on the probable collections of 1890-91; but the amount of the latter has not been stated, nor has the cause of the abnormal increase during 1890-91 been explained. The Government consider that it would not be safe to estimate more than Rs. 460 for 1891-92, which is about the average of the actuals of 1889-90, and the probable collections of 1890-91. The estimate will accordingly be reduced from Rs. 618 to 460.

16. *Miscellaneous.*—The increase under this head is in (*d*) Pounds and is stated to be based on the probable collections of 1890-91. The estimate is passed.

17. The income as now estimated amounts to Rs. 831. Adding to this the opening balance of Rs. 3,923, the sum available for expenditure during 1891-92 is Rs. 4,754, of which Rs. 4,612 are proposed to be expended, leaving a balance at the end of the year of Rs. 142, which is less than 25 per cent of the receipts by Rs. 66.

18. *III. Collection.*—The increase under this head is due to the provision made on account of percentage remuneration payable on the increased estimate under Octroi. The provision is passed.

19. *IV. Conservancy.*—There are at present 1 Peon and 3 Sweepers. During the year 1891-92 an additional Sweeper on Rs. 5 per mensem is proposed to be employed. The proposed employment of the additional Sweeper is sanctioned and the provision retained.

20. *VII. Lighting.*—In 1890-91, Rs. 100 were sanctioned for the purchase of new lamps and Rs. 50 for lighting, but no provision whatever is entered in the Budget as lighting is considered unnecessary for 1891-92. The Deputy Commissioner is requested to explain whether any lamp-posts were purchased during 1890-91, and if so how he proposes to dispose of them. He is also requested to state, why lighting, which was considered necessary in 1890-91, has become unnecessary in 1891-92.

21. *VIII. Public Works.*—The provision for works consisting of the marginally noted items includes Rs. 3,250 for the construction of a building for the location of the Dispensary recently proposed to be opened in the town. The estimate will be reduced to Rs. 900 which is ⅓rd of the ordinary cost of the building and which alone the Municipality has to bear. The remaining cost will be met from Provincial Funds.

25. *I. Octroi.*—The increase under this head is stated to be based on the actual collections of the first eleven months and the probable collections of the last month of the year 1890-91. The estimate will be reduced to Rs. 640, the average of the actuals of 1889-90 and the probable collections of 1890-91.

26. *XI. Miscellaneous.*—The increase is chiefly in "(*d*) Pounds." The estimate, which is stated to be based on the probable collections of 1890-91, is approved.

27. The receipts as now estimated amount to Rs. 1,727. Adding to this the opening balance of Rs. 6,079, the sum available for expenditure during 1891-92 is Rs. 7,806, of which Rs. 7,056 (and not Rs. 6,856 as erroneously entered in the Budget Statement No. I) are proposed to be expended during 1891-92, leaving a balance of Rs. 750 at the end of the year, which exceeds 30 per cent of the receipts by Rs. 232.

28. *IV. Conservancy.*—There are now 2 Sweepers at Rs. 6 each and 2 more at Rs. 4 each. One additional Sweeper on Rs. 7 is proposed to be employed and it is stated that one cannot be had for less pay. The Government doubt whether the employment of a new Sweeper on Rs. 7 will not make the present Sweepers, who draw less pay, discontended. The Deputy Commissioner is requested to consider this matter. The estimate will however be passed. A provision of Rs. 60 is made for the hiring of a cart at Rs. 5 per mensem. This is apparently the hire of the cart without bullocks. If so, the Deputy Commissioner will consider and report whether it would not be better to purchase a new cart instead of hiring one at Rs. 60 per annum. Meanwhile the estimate will stand.

29. *VII. Lighting.*—During 1891-92 six lamp-posts are proposed to be purchased at a cost of Rs. 200, while in the year 1890-91, only Rs. 100 were sanctioned for the purpose. This accounts for the increase in the estimate, which is sanctioned. The cost of lighting proposed is the same as that for 1890-91, *i. e.*, Rs. 80. It is not clear how the same cost will be sufficient when 6 more new lamps are brought into use. The matter should be explained. Meanwhile the estimate will be retained.

30. *VIII. Public Works.*—The provision of Rs. 3,500 for the construction of a new market, appears excessive. The Deputy Commissioner will report what rent the market is likely to yield, and whether a less expensive market cannot be constructed. Meanwhile the provision will stand.

31. *IX. Charitable Grants.*—A sum of Rs. 20 is newly entered in the present Budget on account of the travelling allowance to the Hospital Assistant attached to the Local Fund Dispensary in the town. This accounts for the increase in the estimate, which is passed.

32. *XI. Miscellaneous.*—The increase under this head is due to the new provision entered in the present Budget under (*c*) Cattle Pounds on account of the proportionate cost of its repairs. The estimate will be retained subject to explanation why provision is made for only a portion of the cost.

33. The estimated receipts of this Municipality for 1891-92 amount to Rs. 1,779 (which is the correct total of the details given and not Rs. 1,799 as erroneously entered in the Budget Statement No. I) against Rs. 1,480, the actuals of 1889-90.

34. *VII. Mohatarfa.*—The estimate under this head is stated to be based on the jamabandi, but it is not explained how the jamabandi of 1890-91 came to be much larger than the actuals of 1889-90. The omission should be supplied. Meanwhile the estimate will stand.

35. *X. Miscellaneous.*—The increase is chiefly in "*(f)* School fees" under which Rs. 190 are estimated against Rs. 30, the fee income realized in 1889-90 from the English school started in November 1889. The estimate, which is based on the actuals of the 11 months and the probable collections of one month in 1890-91, is accepted.

36. Including the opening balance of Rs. 5,231, the sum available for expenditure during 1891-92 is Rs. 7,010, of which Rs. 6,470 are proposed to be expended, leaving a balance of Rs. 540 at the end of the year.

37. *III. Collection.*—The increase in the provision is not explained, but it being small, the estimate is passed.

38. *IV. Conservancy.*—The sanctioned charges under this head amount to Rs. 432. An additional Sweeper on Rs. 5 per mensem was proposed in 1890-91; but the proposal was disallowed for want of funds. Now that the receipts of the Municipality have increased, the President proposes to employ 2 additional Sweepers on a salary of Rs. 5 each. This is sanctioned. The Government note that the sanctioned charges of 1890-91 under this head are only Rs. 432 and not Rs. 496 as erroneously entered in the Budget Statement No. I. Such mistakes should be guarded against in future.

39. *VII. Lighting.*—In the Budget for 1890-91, provision of Rs. 250 was made for the purchase of lamp-posts. No such provision exists in the present Budget. This accounts for the decrease in the estimate, which is sanctioned.

40. *VIII. Public Works.*—The estimate includes the items for drainage and water supply works, which were sanctioned in 1890-91, but not executed during that year. The estimate is passed.

41. *IX. Charitable Grants.*—A new estimate of Rs. 20 is entered on account of the travelling allowance of the Hospital Assistant attached to the Local Fund Dispensary in the town. The provision is sanctioned. It is noted that the sanctioned charges for 1890-91 under this head were Rs. 136 and not Rs. 96 as entered in the Budget Statements I and III.

42. *X. Education.*—The decrease under this head is due to the provision of Rs. 100 sanctioned in 1890-91 on account of furniture having been omitted in the present Budget. The estimate is passed. The Government note that the expenditure provided for the English school is Rs. 369, while the receipts from School fees are Rs. 190 only. Under Proceedings, dated 25th September 1882, No. 4520-9—118, the expenditure debitable to the Municipality should not be more than 1½ times the fees, whereas it is now nearly double. Unless there is a likelihood of an increase in the receipts, a reduction in the expenditure should be proposed.

43. *XI. Miscellaneous.*—The increase is due to the provision of Rs. 50 newly made on account of the repairs of the Cattle Pounds. The estimate is retained, but explanation similar to that called for in para 13 *supra* should be submitted.

44. *XII. Contribution.*—The estimate, which represents the balance of the sum sanctioned in 1890-91 on account of the contribution payable by the Municipality towards the Jubilee Students' Home at Hassan, is sanctioned.

48. The estimate is passed.

57. *X. Miscellaneous.*—The increase of Rs. 84 is the result of variations noted in the margin. The new estimate under "(*f*) School fees" is the income from fee collections from the school recently established in the town. The variations under other items are small and call for no remark. 76. *IX. Charitable Grants.*—The increase under this head is due to the provision of Rs. 20 newly made on account of the travelling allowance of the Hospital Assistant attached to the Local Fund Dispensary in the town. The estimate is passed. The Government note that the sanctioned charges for 1890-91 amount to Rs. 140 and not Rs. 100 as erroneously entered in the Budget Statements I and III

77. *X. Education.*—In 1890-91 a sum of Rs. 29 was sanctioned on account of the supply of maps. No similar provision exists in the present Budget. Hence the decrease in the estimate, which is sanctioned.

78. *XI. Miscellaneous.*—The details of the provision are as noted in the margin. The estimate is retained, but explanation similar to that called for in para 13 *supra* should be submitted.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 24th July 1891.

READ:—

Dockets from the Deputy Commissioner, Bangalore District, dated 28th March and 21st April 1891, Nos. 942 and 56 respectively.

Letters from the Deputy Commissioner, Bangalore District, dated 15th June 1891, Nos. 212 and 213.

Also the following Proceedings issued in the Education Department:—

(1). No. 213—17, dated 30th March 1891.

(2). No. 224—29, dated 30th March 1891.

(3). No. 230—35, dated 31st March 1891.

(4). No. 236—41, dated 31st March 1891.

(5). No. 32— 6, dated 22nd April 1891.

No. 5188-99—L. 361, DATED 24TH JULY 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Bangalore District, exclusive of the Bangalore City, for the year 1891-92.

Yelahanka.

2. The receipts of this Municipality are estimated at Rs. 397 against Rs. 392, the actuals of 1889-90.

No.	Receipts.	Actuals of 1889-90.	Estimate for 1891-92.

X	Miscellaneous ...	55	65
	Total.....	392	397

3. *X. Miscellaneous.*—The opening of an English class was sanctioned on 31st March 1891. The fee income from this school is estimated at Rs. 10, whereas the total expenditure of the school is estimated at Rs. 240. The Government note that under their Proceedings, dated 25th September 1882, No. 4520-9—118, at least half the cost of the school has to be met from the fees There is no use in opening a school at a cost of Rs. 240, if the receipts amount to Rs. 10 only. The estimate will be raised to Rs. 120. If the Deputy Commissioner does not hope to realize Rs. 120 or something approaching that amount, the opening of the English class must be postponed for the present.

Education Secretary's Proceedings No. 230-35.

4. The income as now estimated amounts to Rs. 507. Adding to this the opening balance of Rs. 604, the sum available for expenditure during 1891-92 is Rs. 1,111, of which Rs. 768 are proposed to be expended, leaving a balance at the end of the year of Rs. 343, which is more than 30 per cent of the receipts by Rs. 191.

VIII	Public Works ...	68	331	390
X	Education ...	...	...	180
XI	Miscellaneous ...	...	...	5
	Total	170	463	768

5. *IV. Conservancy.*—The increase under this head is the result of a new estimate of Rs. 36 on account of a monthly allowance of Rs. 3 proposed to be given to the Shanbhog of the town for supervising and keeping the accounts of the taxes collected and of a decrease of Rs. 25 under "(*b*) Other Charges". The Government consider that it is the duty of the Shanbhog to keep the accounts of the collections of the house and mohatarfa taxes and it is not clear why any allowance is proposed to be granted to him. The Deputy Commissioner is requested to state, whether the Shanbhog does not receive a Potigi allowance and whether in determining the amount of the allowance the collections of mohatarfa and house taxes have not been taken into account. Meanwhile the provision made for the allowance will be struck out and the balance retained.

6. *VII. Lighting.*—Two lamp-posts are proposed to be purchased at a cost of Rs. 20 and they are to be lighted at an annual expenditure of Rs. 30. The provision made for the same is approved; but the cost of lighting each lamp appears excessive. The President is requested to endeavour to reduce the cost.

7. *VIII. Public Works.*—The provision made is for the marginally noted works and is approved.

		Rs.

8. *X. Education.*—A new provision of Rs. 180 being ¾ths of the entire cost is entered in the Budget to meet the pay of the English Teacher recently sanctioned in the Proceedings issued by Education Department, dated 31st March 1891, No. 230-35 and is passed, subject to the remarks in para 3 *supra*.

9. *XI. Miscellaneous.*—The small estimate of Rs. 5 newly entered in the present Budget on account of rewards to dog and snake-killers is sanctioned.

Kengeri.

10. The income of this Municipality for 1991-92 is estimated at Rs. 472 against Rs. 468, the actuals of 1889-90. The estimate, which is based upon the actuals of 1889-90, is fair and is passed.

II	Tax on houses ...	157	157
VII	Mohatarfa ...	253	253
X	Miscellaneous ...	58	62
	Total.....	468	472

11. Including the opening balance of Rs. 1,600, the sum available for expenditure during 1891-92 is Rs. 2,072, of which Rs. 1,082 are proposed to be expended, leaving a balance at the end of the year of Rs. 990, which is more than 30 per cent of the receipts by Rs. 849.

VIII	Public Works ...	110	934	880
XI	Miscellaneous ...	..	...	5
	Total.....	216	1,070	1,082

12. *IV. Conservancy.*—During 1890-91 a provision of Rs. 30 was sanctioned for the purchase of a cart. This is omitted in the present Budget. Rs. 36 on account of monthly allowance to the Shanbhog for keeping accounts and writing work of this Municipality and Rs. 5 for the repair of conservancy carts are newly entered. This accounts for the increase provided. The provision for the allowance of the Shanbhog will be struck out for reasons given in para 5 *supra* and the rest retained.

13. *VII.—Lighting.*—During 1891-92 two lamp-posts and lanterns are proposed to be purchased at a cost of Rs. 20 and they are to be lighted at an annual expenditure of Rs. 30. The provision is retained, but the President is requested to take steps to reduce the cost of lighting, as the rate of Rs. 15 per lamp per annum appears excessive.

14. *VIII. Public Works.*—The provision made is for the marginally noted works and is approved. As the balance on hand is large, the President is requested to propose further expenditure of Rs. 800 on useful works.

15. *XI. Miscellaneous.*—The present Budget newly provides Rs. 5 under this head on account of rewards to dog and snake-killers. The estimate is passed.

Hoskote.

16. The estimated income of this Municipality for 1891-92 is Rs. 1,316 against Rs. 1,197, the actuals of 1889-90.

No.	Receipts.	Actuals of 1889-90.	Estimate for 1890-91.

17. *II. Tax on Houses and VII Mohatarfa.*—The decrease under these heads has not been explained. This should be now done. Meanwhile the estimates, which are nearly the same as those sanctioned for 1890-91, will not be disturbed.

18. *X. Miscellaneous.*—The increase under this head is mainly in "*(a) Sale of houses and lands*" and "*(f) School fees*". More house sites are expected to be sold in 1891-92 and the school fees are expected from the school recently opened. The estimate is passed.

19. Including the opening balance of Rs. 1,400, the sum available for expenditure during 1891-92 is Rs. 2,716, of which Rs. 1,490 are proposed to be expended, leaving a balance at the end of the year of Rs. 1,226, which is more than 30 per cent of the receipts by Rs. 831.

During 1891-92, the pay of the conservancy establishment is proposed to be revised as shown in the margin. The revision proposed, which involves no extra cost is sanctioned. The provision of Rs. 50 for dust-bins is also sanctioned.

21. *VII. Lighting.*—During 1891-92, 3 additional lamp-posts and lanterns are proposed to be purchased for Rs. 30 and these and the existing lamps (9) are to be lighted by contract at an annual expenditure of Rs. 70. The Government

note that, compared with the charge of lighting in this Municipality, the provision made for the Municipalities of Yelahanka and Kengeri is excessive. The estimate is sanctioned.

22. *VIII. Public Works.*—The marginally noted works are proposed to be executed during 1891-92. Having regard to the balance on hand, the President is requested to propose a further allotment of Rs. 800 for useful works. The Government are anxious to see the sources of drinking water improved.

24. *XI. Miscellaneous.*—During 1890-91, Rs. 23 were sanctioned for rewards to dog and snake-killers, while in the present Budget only Rs. 20 are proposed. This accounts for the small decrease in the estimate, which is sanctioned.

26. *II. Tax on Houses and VII. Mohatarfa.*—Arrears of previous years are expected to be collected during 1891-92. Hence the increase in the estimates which are sanctioned.

27. *X. Miscellaneous.*—The increase under this head is chiefly in (*d*) *Pounds* and (*f*) *School fees*. The increase under "*Pounds*" is not explained. It is apparently based on the probable collections of 1890-91, which amounted to Rs. 158, whereas the actuals of 1889-90 were only Rs. 105. The estimate is sanctioned. In regard to the school fees, the cost of the school being Rs. 240, the receipts must amount to Rs. 120 under Government Proceedings No. 4520-9—118, dated 25th September 1882, whereas only Rs. 100 are estimated. If Rs. 120 cannot be realized, the Deputy Commissioner should propose a curtailment in expenditure next year.

35. *X. Miscellaneous.*—The increase under this head is chiefly in "(*m*) *Contributions*". A sum of Rs. 144 is shown against this head; but the amount of contribution payable by the Public Works Department for the maintenance of Salem-Bellary road is only Rs. 87½ as per statement submitted with the docket of the Bangalore Deputy Commissioner's No. 811, dated 13th February 1891. The source from which the balance, *viz.*, Rs. 56½ is expected should be explained. Meanwhile the estimate will stand.

36. Including the opening balance of Rs. 2,300, the sum available for expenditure during 1891-92 is Rs. 3,394, of which Rs. 1,573 are proposed to be expended, leaving at the end of the year a balance of Rs. 1,821. This is more than 30 per cent of the receipts by Rs. 1,493.

This accounts for the increase of Rs. 61 over the sanctioned estimate for 1890-91. The estimate is passed.

51. *VI. Tolls and Ferries.*—The new estimate of Rs. 6 under this head, hitherto included under other items, is stated to be shown under this head. No tolls, are at present levied by any of the Municipalities in the Province and the small income is probably the receipt from ferry in the town. If so, the President is requested to state by whom the ferry is worked and whether the cost is paid from Municipal Funds. Pending the receipt of this information, the estimate will not be disturbed.

52. Including the opening balance of Rs. 2,500, the sum available for expenditure during 1891-92 is Rs. 3,799, of which Rs. 2,380 are proposed to be expended, leaving a balance at the end of the year of Rs. 1,419 which exceeds 30 per cent of the receipts by Rs. 1,030.

This accounts for the increase in the estimates, which are sanctioned. The estimate under Mohatarfa is less than double the actuals of 1889-90, as the rates of shop tax were lowered in the last Jamabandi.

65. *X. Miscellaneous.*—The increase is chiefly due to the new estimate of Rs. 75 entered under "(*m*) Contributions" on account of the mileage allotment payable by the Public Works Department for the Provincial road in the town recently transferred to the Municipality. The estimate is sanctioned.

66. Including the opening balance of Rs. 1,200, the sum available for expenditure during 1891-92 is Rs. 3,790, of which Rs. 2,725 are proposed to be expended, leaving a balance of Rs. 1,065 at the end of the year. The balance is probably reserved for special sanitary works to be executed shortly.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial), dated 24th July 1891.

67. *IV. Conservancy.*—During 1891-92 it is proposed to employ a Mutsaddi on Rs. 8 per mensem to superintend the conservancy and collection work and 2 Sweepers on Rs. 5 each for the better conservancy of the town. A new provision of Rs. 6 for the repair of a conservancy cart is also proposed. This accounts for the increase in the estimate. The Government observe that the ordinary receipts of the Municipality, exclusive of the Government share of house and mohatarfa taxes made over temporarily to the Municipality is only Rs. 1,415, while the proposed ordinary expenditure, excluding the provision for the repayment of loan (*viz* Rs. 1,170) is Rs. 1,555, which exceeds the receipts by Rs. 140. Moreover an additional provision of Rs. 400 will have to be made from the year 1892-93 on account of the interest on the loan of Rs. 10,000 sanctioned to the Municipality for the execution of sanitary works, for which an Upper Subordinate is stated to have been lately deputed by the Public Works Department. With this financial condition, it is impossible to sanction any increase to the permanent or fixed charges of the Municipality. Accordingly the provision made for 1 Mutsaddi and 2 Sweepers will be struck out, but that of Rs. 6 entered on account of the repair of carts is sanctioned, as the item is not of a recurring nature. There are already 8 Sweepers and it is not explained how their work was hitherto supervised. If absolutely necessary, the Government will be prepared to sanction a Peon on Rs. 6 to supervise the work on the receipt of explanation.

70. *IX. Charitable Grants.*—The increase under this head is due to the provision of Rs. 75 newly made on account of contribution towards the pay of midwife proposed for this and Channapatna towns. The entertainment of the midwife has already been sanctioned in Government Proceedings, dated 31st March 1891, No. 14679-81—584 L. 456 and the charge on account of her pay and travelling allowance debitable to this Municipality is only Rs. 65 and not Rs. 75. The former figure will be inserted in the Budget.

71. *XI. Miscellaneous.*—Under "(*a*) Re-payment of loan," only Rs. 1,170 are provided in the present Budget against Rs. 1,180 sanctioned in 1890-91 on account of the adjustment of the loan of Rs. 4,000 advanced by Government. This accounts for the decrease in the estimate. The Government observe that the loan has to be adjusted in 3 years by an annual payment of Rs. 1,333—5—4 under Proceedings. dated 18th January 1891, No. 7905-6—380. This being so, it is not clear why only Rs. 1,170 are provided in the Budget. The figure will be raised to Rs. 1,334.

74. *X. Miscellaneous.*—The increase under this head is chiefly in "(*f*) School fees" and "(*m*) Contributions." The Municipal English school in the town having been lately raised to the High School standard, an increase in the fee collections is expected during 1891-92. The provision under this head will however be raised from Rs. 825 to Rs. 919 with reference to the Educational Secretary's letter (General No. 2443), dated 12th June 1891, No. 1525—51, to the address of the Deputy Commissioner, Bangalore. Under the other head "(*m*) Contributions," a new estimate of Rs 97 is entered on account of the mileage allotment payable by the Public Works Department for the maintenance of the Provincial Road recently transferred to the Municipality. The estimate is passed.

75. *XII. Grant-in-aid.*—The new estimate under this head represents the Government moiety of house and mohatarfa taxes made over to the Municipality under Proceedings, dated 15th September 1888, C. No. 1151-52. The estimate is approved, but will be transferred to the heads "II Tax on houses," and "VII Mohatarfa" as directed in Government Proceedings, dated 10th June 1891, No. 2790-9—L. 208.

76. The income as now estimated amounts to Rs. 5,118. Adding to this the opening balance of Rs. 5,000, the sum available for expenditure during 1891-92 is Rs. 10,118, of which Rs. 7,682 are proposed to be expended, leaving a balance at the end of the year of Rs. 2,436, which exceeds 30 per cent of the receipts by Rs. 901.

77. *IV. Conservancy.*—There are at present 2 Peons on Rs. 4 each and 5 Sweepers on Rs. 5 each. During 1891-92 only one Peon is to be retained, but with an increase of 1 rupee to his pay, the other being discontinued. It is also proposed to employ 4 additional Sweepers on Rs. 5 each. The Government observe that, excluding the Government moiety of house and mohatarfa taxes temporarily transferred to the Municipality to meet the cost of sanitary works, the ordinary income* of the Municipality is only Rs. 3,203, while the proposed expenditure allowing only Rs. 522 for Public Works is Rs. 3,284,† which exceeds the receipts by Rs. 81. As however owing to the growing importance of the town, additional Sweepers are stated to be absolutely necessary, the Government sanction the entertainment of 2 Sweepers on Rs. 5 each instead of 4 and also the increase of pay proposed to the Peon.

Owing to the inadequacy of the annual receipts, the provision under this head will be reduced from Rs. 350 to Rs. 300.

79. *VIII. Public Works.*—The provision under this head consisting of the marginally noted works is approved. The large balance on hand is probably reserved for sanitary works now under contemplation.

80. *IX. Charitable Grants.*—The increase under this head is due to the provision of Rs. 135 made in the present Budget on account of the Municipal contribution towards the pay and travelling allowance of the midwife proposed for this and Closepet Towns. The midwife has already been sanctioned and the amount debitable under Proceedings, dated 31st March 1891, No. 14679-81—584 L. 456, is only Rs. 65 and not Rs. 135 as entered by the Deputy Commissioner. The former figure will be inserted in the Budget for 1891-92.

81. *X. Education.*—In the present Budget, a sum of Rs. 1,096 is provided for the English school, which is to be raised to the standard of High School. The details are not given, but the cost to be borne by the Municipality is estimated by the Educational Secretary at Rs. 1,276. (*Vide* his letter to the Deputy Commissioner, Bangalore, No. 213, dated 15th June 1891). This sum will be inserted in the Budget.

84. *II. Tax on Houses.*—Arrears of the previous years were collected during 1889-90 and there are no such outstandings to be collected during 1891-92. Hence the decrease in the estimate, which is approved.

85. *X. Miscellaneous.*—The increase under this head is chiefly in "(*a*) Sale of houses and lands," and "(*f*) School fees." The increase in the former sub-head is due to the increased demand for building sites and that under the latter to an estimate of Rs. 100, being newly entered as the expected fee collections from the English school to be opened in the town, in accordance with the Education Secretary's docket to the address of the Deputy Commissioner, Bangalore, dated 29th January 1891, No. 6411. As the cost of the school is Rs. 240, the estimated fee collections should not be less than Rs. 120. The estimate will accordingly be raised from Rs. 100 to 120. If the fees do not amount to Rs. 120, the expenditure should be reduced.

86. The income as now estimated amounts to Rs. 2,221. Adding to this the opening balance of Rs. 3,600, the sum available for expenditure during 1891-92 is Rs. 5,821, of which Rs. 3,429 are proposed to be expended, leaving a balance at the end of the year of Rs. 2,392, which exceeds 30 per cent of receipts by 1,726, which is reserved for some special works to be executed in 1892-93.

This item should appear under Public Works. It will therefore be struck out from this head.

88. *VII. Lighting.*—The details of the provision under this head are as noted in the margin. There are at present 30 lamps and 6 new ones are to be added during 1891-92. Hence the increase in the provision, which is sanctioned.

91. *XI. Miscellaneous.*—The increase under this head is in (*h*) Other items against which Rs. *100 are newly entered for the maintenance of the Municipal garden in the town. The Deputy Commissioner is requested to state, whether this is a new garden or an old one and if the latter be the case, how it was managed hitherto. 94. *X. Miscellaneous.*—The net increase of Rs. 64 is the result of variations in the items noted in the margin. The increase in (*f*) is due to the estimate of Rs. 100 expected to be derived from the fees of the English school to be established in the town. The decrease under Amarayi requires explanation. Hence the apparent decrease in the estimate, which is sanctioned. It is noted that the increase of actuals over the sanctioned scale of

charges is stated to be due to the erroneous payment made from Municipal Funds of the town of the full cost of the English school, instead of only ¾ debitable to Municipal Funds and that the mistake has been pointed out to the Amildar and the Comptroller requested to make the necessary adjustments.

PART I

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 4th July 1891.

OFFICIAL MEMORANDUM.

Subject No. 11 discussed at Dasara Representative Assembly, 1890. (Publication in the Gazette of important Proceedings of Government).

No. 3873-7—Cir. 70, dated 4th July 1891.

The attention of the Secretaries to Government in the various Departments is drawn to the above, and they are requested to forward for publication to the Compiler of the Gazette, copies of all important or interesting official papers. The Compiler of the Gazette will print and publish them in a supplement, which will be issued with the last issue of the Gazette, every month.

T. ANANDA ROW,
Chief Secretary.

To—The Secretaries to Government in the various Departments for information and guidance.
The Compiler, Mysore Gazette, for do.

Read:—

Letter No. 216 of the 15th June 1891, from the Superintendent, Government Press and Stationery Depôt.

No. 4612-48—Cir. 91, dated 18th July 1891.

Order thereon.—In the above letter, the Superintendent submits proposals for rendering more efficient the working of the Government Press and Stationery Depôt. In accordance with the recommendations therein made and with a view to enable the Stationery Depôt to issue the annual supplies of Stationery and Printed forms in due time for each official year, the dates on which indents should reach the Superintendent of Stationery are fixed as follows in supersession of previous orders:—

Indents for Stationery, &c.	15th December, for supplies required for the ensuing official year.
Indents for Printed forms.	15th November, for supplies required for the ensuing official year.

The indents for the official year 1892-93 for Stationery and Printed forms will, under these orders, be due on the 15th December and 15th November 1891, respectively.

2. Heads of Departments and Deputy Commissioners of Districts will see that the indents are punctually forwarded so as to reach the Depôt on or before the above dates. The indents should also be carefully prepared so as to minimise the time and trouble required to check them. Head Clerks of Offices will be held responsible for their careful preparation, and the Superintendent will report to Government cases of gross carelessness requiring notice.

3. In other respects the standing orders on the subject cited below remain unaltered:—

(1.) Chief Commissioner's Proceedings No. 8277—151, dated 16th November 1876.

(2.) Rules published by the Comptroller, Stationery Depôt, dated 29th August 1883.

T. ANANDA ROW.
Chief Secretary.

To—The Heads of Departments.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th July 1891.

No. 4691-9—Cir. 92, dated Bangalore, 18th July 1891.

Order.—The attention of the Chief Engineer in Mysore is drawn to Subject No. 78 (The giving out of tank repair contracts to local men) brought up at the Meeting of the Dasara Representative Assembly held in October last, and the Chief Engineer is requested to issue a Circular to Executive Engineers on the subject, impressing upon them the desire of Government that local men interested in the stability and security of an irrigation work should, in the disposal of contracts for repairing or restoring the same, have preference over others.

2. During the next two years, Executive Engineers should, in the Department of Public Works, be required to submit a brief periodical return showing cases in which men with local interest had applied for the contract and had been refused for good reasons.

A. SRINIVASACHARLU,
for Chief Secretary.

To—The Chief Engineer in Mysore.
The Deputy Commissioners of Districts.

Read:—

Petition No. 1512, dated 21st September 1888.
Petition No. 1565, dated 25th September 1890.
Petition dated 26th June 1891.

Petitioner.

Akkarkanni Srinivasachar of Belathur, Heggaddevankote Taluk, Mysore District.

No. 5071-8—P. 2, dated 20th July 1891.

Order thereon.—This is an appeal against the order of the Muzarayi Officer, dated 7th July 1888, prohibiting petitioner from entering the temples in the Mysore State, because the Head Priest Sri Parakalaswami excommunicated him on the ground that he (petitioner) failed to perform the funeral ceremonies of his late uncle's widow Tiruvengadamma.

2. Petitioner contends that as he belongs to the Tengalé sect, Sri Parakalaswami, who is the Head Priest of Vadaghale sect, has no right to excommunicate him, and that the ground of excommunication is not correct, since, according to the tenets of his own sect, it is the brother of the deceased that is bound to perform her funerals and not petitioner. He also produces an order of the Head Priest of the Tengalé sect, to show that it is the brother of the deceased that is bound to perform the ceremonies of the deceased, and not petitioner.

3. At the hearing of the case, the representatives of Sri Parakalaswami admitted that petitioner belonged to the Tengalé sect, but urged that whatever might be the order issued by the Head Priest of the sect, Petitioner is bound by Hindu Law to perform the funerals of the deceased, and that he must be considered to be under pollution and thus unqualified to enter the temples till he performed the ceremonies.

4. The Government have examined the texts on the subject and find that they are dubious. This being so, and the Head Priest of the Tengalé sect, to which petitioner belongs, having declared that petitioner was not to blame, and there having been instances within this State and outside it, in which Tengalé Srivaishnavas in petitioner's predicament have not been considered as being under pollution, the Government do not think that it would be proper to prohibit petitioner from entering public temples. The Muzarayi Officer's order is therefore cancelled.

5. It may be added that petitioner is not regarded by his relatives and caste people as under pollution of any kind, and that the Government have to decide the question of admission to public temples on principles more catholic than those on which the Sri Parakalaswami Mutt or other Mutt can be expected to decide questions of excommunication for purposes of caste observances.

A. SRINIVASACHARLU,
for *Chief Secretary.*

To—The Deputy Commissioner, Mysore District.
Copy to the Deputy Commissioners of other Districts for information.

EDUCATIONAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 30th July 1891.

ORDER C. No. 62, DATED 30TH JULY 1891.

The Government resolve to print and circulate the Budget Estimates of receipts and expenditure of the Village School Fund for the year 1891-92, of which the following is the abstract, for the information of the officers concerned :—

Receipts.					Expenditure.

	Total including Balance.	...	...	3,70,553		Grand Total	...	...	3,70,553

2. The increase provided under Expenditure I is on account of Hobli Schools to be newly opened and on account of increases to be granted to Schoolmasters.

3. The provision under II Special Instruction is on account of the establishment of a Normal School, which is now under the consideration of Government.

4. The Inspecting Staff badly needs re-organization and improvement and the increased provision is on that account. Detailed instructions in regard to the changes to be introduced will be issued separately.

5. Almost the whole of the increase under IV General is on account of the construction of new School houses.

6. The Government note that leaving out the extraordinary increase of Rs. 16,000 provided under IV General, which is not of a recurring nature, the total estimated expenditure in 1891-92 is Rs. 7,840, more than the estimated receipts of the year. The estimate will therefore have to be reduced by that amount as the ordinary expenditure should never exceed the ordinary receipts. The matter will be considered when orders are passed in regard to the items II and III and the Final Budget issued.

PART I.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 29th July 1891.

READ:—

Note on the Preliminary Issue of Public Works Budget Estimates for 1891—92.

The Budget Estimates for the year 1891-92 aggregate Rs. 26,24,000 against the final grant of Rs. 28,92,000 for 1890-91. This difference is chiefly due to the grant from Provincial Revenues having been reduced to 17 lakhs, to allow of separate provision being made for the Hindupur Railway. These grants are to be met from the following sources:—

Provincial Fund	17,00,000
District Funds and Local Funds General	5,50,000
Provincial Irrigation Fund	3,71,000
Palace Fund	3,000
Total	26,24,000

PROVINCIAL.

2. The grant for this Budget has been fixed at 17 lakhs. Of this amount, Rs. 7,85,000 have been set aside for "Irrigation Works" and the same will, as usual, be treated as a grant-in-aid to Provincial Irrigation Fund. The balance Rs. 9,15,000 is for Provincial Works proper; but as this amount is quite insufficient to meet demands for all the new works brought forward, provision has been made only for such works as it is considered absolutely necessary to carry out at once. A list* of other works omitted for want of funds is appended for information. The distribution of the Provincial grant over the several Budget heads will be found in abstract pages 2 and 3.

3 *Original.*—Under "Military" only a sum of Rs. 13,000 has been allotted, *viz.*, Rs. 6,000 for the two incomplete works of 1890-91, Rs. 3,000 each for constructing Barr Lines and Sick Lines at Mysore, and Rs. 1,000 for Original Minor Works. The Military Secretary has frequently and most strongly brought to notice the necessity of providing additional new lines for the accommodation of the Barr and Silahdar troops both at Bangalore and Mysore; but it is impossible, with the limited funds at disposal, to provide for any more Military works than these brought forward in this Budget.

4. Under "Repairs" the usual allotment of Rs. 5,000 has been made for the maintenance of the existing Military buildings.

5. *Civil Buildings.*—The provision for the several works under this head, aggregate Rs. 1,42,000, *viz*, 1,17,000 for major works and Rs. 25,000 for minor works. Of this amount, no less than Rs. 96,000 has been absorbed by the 22 incomplete major works of 1890-91, leaving only Rs. 21,000 for the six new buildings proposed, as will be seen from the detail Budget, Part I.

For original minor works, it has been possible to allot more than Rs. 25,000. The demand for such works is great; but the bulk of the provision will be swallowed up by the large number of incomplete works of this class now in hand, which must be finished.

The Senior Surgeon to Government has submitted a list of dispensaries for which additional accommodation for in-patients is required, the proposal having been approved of in Government Proceedings No. 7683—93 of 21st September 1890; these are estimated to cost about Rs. 17,000. The Inspector General of Police has also made the usual demand for new Police Stations and Lines. I fear that for the reason given above, there will be little or no money to spare to meet these demands.

* As modified and attached to the Proceedings.

6. Under "Irrigation," Rs. 7,85,000 have been set apart, *viz.*, Rs. 6,33,000 for works and Rs. 1,52,000 for establishment. This amount will, as usual, be treated, as a grant-in-aid to the "Provincial Irrigation Budget". Further remarks on Irrigation works will be found in paras dealing with that Budget.

7. Under "Communications," Rs. 1,43,000 have been provided, of which Rs. 55,000 goes towards the completion of the two important bridges, one across the Tunga at Hariharpur and the other across the Bhadra at Balehonnur. For the new roads over the west and north-west glacis of the Fort of Mysore, Rs. 15,000 have been allotted for the present, while Rs. 38,500 have been distributed to the several incomplete works of 1890-91, for their speedy completion. In addition to this, provision has been made for improving certain roads considered necessary by the Executive Engineers concerned, also for 2 new Musafarkhanas, 2 Travellers' Bangalows and one Inspection Lodge. The Deputy Commissioner, Hassan District, has been urging the necessity for Musafarkhanas at Kurihalli on Tiptur-Channarayapatna road and at Mudenhalli on Arsikere-Channarayapatna road.

It has not been possible to provide for them. A Musafarkhana near the Railway Station at Arsikere has however been provided for, as per Chief Secretary's No. 6159—141 of 2nd September 1890.

The bridge across the Tunga will, it is presumed, be completed this season, and it is desirable to provide for the projected new bridge over the Cauvery at Yedatore; but this item has been left out for want of funds; it is included in the statement referred to in Para II.

8. The provision under "Miscellaneous Public Improvements" for the year is Rs. 84,000 against Rs. 1,12,000 for 1890-91. The grants for the sanctioned works as provided for are necessary to allow of their speedy completion. A sum of Rs. 7,000 has been provided for the "diversion of the Dodkere feeder channel," and Rs. 10,000 for "constructing Western frontage of Market," both new works. It has been found impossible to provide more than Rs. 5,000 for "building frontages to the houses bordering Purnaiya's Nala road on the east from Dufferin Fountain to Silahdar Line crossing." More money will be required, after the projects for these works, now under preparation by the Sanitary Engineer, are sanctioned. No provision has been made for improving the water-supply of the Pettah of Bangalore, or for the drainage and water-supply projects for the town of Shimoga. Should projects for the above works be sanctioned during the year, application for the required allotments will be made in the Final Budget.

Several new projects for the improvement of the Town of Mysore have been brought forward by the Sanitary Engineer, and some of them are included in the list of works omitted in Budget for want of funds.

9. *Repairs.*—The total grant under "Repairs" is Rs. 3,35,000, which is Rs. 4,000 less than that for 1890-91. Under "Communications," provision has been made for the annual maintenance of roads at the rates allowed for 1890-91, excepting that for Urigam Gold Fields Railway feeder, the mileage allotment for which has been increased from Rs. 250 to 350. This increase is considered necessary for the proper maintenance of the road, on which there is always very heavy traffic.

The reserve grant of Rs. 37,845 under this head is necessary for the proper maintenance of all Travellers' Bangalows, Inspection Lodges and Musafarkhanas in the Province, as well as for the special repairs of the Provincial roads.

DISTRICT FUNDS.

10. The grants for the several Districts have been fixed as usual, on the estimated annual income, less the amount audited by the Comptroller, *vide* para 3 of Dewan's Proceedings No. 2669-80—61 of 25th July 1884.

The total grant from this source comes to only Rs. 4,53,000, as per abstract statement of assets furnished by the Comptroller of Mysore. The actual requirements for Shimoga, Kadur and Hassan Districts are in excess of the grants available for these Districts; and it is therefore proposed to obtain the sanction of Government to special grants aggregating Rs. 97,000 from District Fund available assets and from Local Funds General for the works noted below. A grant from the latter fund for the Kadur Division is necessary, the balance of District Fund assets at credit of the District on 1st April 1891, being only Rs. 11,600.

	Works.	Establishment.	Total.
District Fund Assets.			
Shimoga Division—Available assets Rs. 43,599.			
Bridging the Kumadvati river at Gobbur on Shimoga, Sorab-Sirsi road	8,000	2,000	10,000

Hassan Division—Available assets Rs. 98,152.			
Bridge across the Yagachi river at Belur	35,000	8,500	43,500
Total.....	...	...	78,300
Local Funds General.			
Kadur Division—			
Opening out Railway feeder from Lingadahalli to Birur ...	3,000	800	3,800
Bridging Tarikere-Hosdurga road	5,000	1,200	6,200
Extending the Balabudan Hill road	2,000	500	2,500
Opening out loop line from Narve to Hariharpur	5,000	1,200	6,200
Total.....	...	...	18,700
Grand Total.....	...	...	97,000

The total District Fund Budget grant, including the above special grants of Rs. 97,000, will now stand at Rs. 5,50,000. The distribution of this grant by service heads and by Divisions is given in abstract pages 8 and 9. The provision for works entered in the detailed Budgets has been approved of by the Local Fund Boards of the respective Districts.

PROVINCIAL IRRIGATION FUND BUDGET.

14. In the statement furnished by the Comptroller, the assets under Irrigation Cess proper available for expenditure during 1891-92 are estimated at Rs. 3,71,000.

The Budget grant (including the grant-in-aid of Rs. 7,85,000 from Provincial Funds referred to in para 2) amounts to Rs. 11,56,000 against Rs. 12,40,000 for 1890-91. Of this amount, Rs. 7,52,000 have been allotted for original works, Rs. 1,80,000 for repairs, and the balance Rs. 2,24,000 for establishment.

12. Under "Original" 132 major works have been provided for, *vide* Part I of detailed Budget, pages 30 to 47.

To the three new reservoirs in the Kolar Division, allotments aggregating Rs. 70,000 have been made. Large amounts have also been assigned for the important works in progress in other Divisions, such as the Borankanve in Tumkur Division Rs. 40,000, Rakalgere project in Chitaldroog Division Rs. 25,000, Sulekere tank in Mysore Division Rs. 30,000; Hulhalli Channel one lakh and Rampur Channel Rs. 35,000 in the Channel Division, and extending north Sriramadevara Channel Rs. 50,000 in Hassan Division.

For want of funds, several very useful Irrigation works brought forward by Executive Engineers have been omitted in this Budget. This is to be regretted.

13. For minor Irrigation works, Rs. 37,000 have been reserved, or an average amount of Rs. 3,700 for each Division.

14. Under "Repairs, Irrigation," a sum of Rs. 1,80,000 has been allotted, which is the same as that sanctioned for 1890-91. It includes Rs. 38,864 for the annual repairs of river channels in Mysore, Hassan and Channel Divisions. This amount also is insufficient, considering the amount of work now being done by the Civil Officers in furtherance of the minor tanks maintenance and restoration scheme.

15. *Establishment.*—The total charges under this head aggregate Rs. 5,09,000 against Rs. 5,12,000 for 1890-91. The slight decrease is due to provision having been made for Mr. McLaughlin, Executive Engineer, Channels Division, for only six months, as his connection with the Mysore State will cease about the 1st October next. The establishment charges are 19 per cent on the total grant of Rs. 26,24,000.

The rateable distribution of the establishment charges to the several budgets, Palace excepted, is as noted below:—

Provincial Fund		19 per cent	1,78,000
Do	Irrigation	do	2,59,000
Do	District Fund	do	72,000
		Total.....	5,09,000

GENERAL REMARKS.

16. Under "Palace Funds," no work of any importance is at present under contemplation, and no separate Budget has therefore been prepared. A sum of Rs. 1,000 is however required for minor works under "Original, Civil Buildings," and Rs. 2,000 under "Repairs, Civil Buildings," for the annual repairs necessary. These amounts have been provided for, *vide* abstract pages 2 and 3.

BANGALORE,
20*th March* 1891.

C. BOWEN, COL., R. E.,
Chief Engineer of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 29th July 1891.

No. 3266-92—388-414, DATED 29TH JULY 1891.

ORDER THEREON.—The Preliminary Public Works Budget for the year was originally prepared for a grant of Rs. 26,24,000, and Government approved of the same ; but the issue of formal sanction thereto was deffered pending the distribution of an additional grant of 3 lakhs, which was found necessary to make to the original allotment of 17 lakhs under " Provincial, " to provide for theworks detailed in the list attached.

2. The grant under Provincial, which now stands at 20 lakhs, is distributed to the several heads as follows :—

	Original. Rs.	Repairs. Rs	Total. Rs.
Military	43,000	5,000	48,000
Civil Buildings	1,98,000	40,000	2,38,000
Communications	1,80,000	2,85,000	4,65,000
Miscellaneous Public Improvements	1,72,000	5,000	1,77,000
Tools and Plant	...	...	20,000
Establishment	...	...	1,92,000
Total Rs.....			11,40,000
Grant-in-aid to Provincial Irrigation Fund.....			8,60,000
Total Rs			20,00,000

The Government order that the works noted in the margin be defferred for the present ; the provision made therefor will be redistributed in the Final Budget. The additional accommodation required for in-patients in Dispensaries, referred to in para 5 of Chief Engineer's Note, will have to be undertaken gradually, as funds become available.

	Budget allotment. Rs.
(1) A new 2nd Class Travellers' Bangalow at Hampapur ...	2,000
(2) Do a 3rd Class Travellers' Bangalow at Ajjampur	2,000
(3) Improving the road between Yelval and Hunsur ...	2,000
(4) Western frontage to Market at Mysore	10,000
(5) Diversion of Dodkere feeder	7,000
(6) Building frontage to houses in Purnaiya Nala Road ...	5,000
Total Rs.....	28,000

3. The grant under Provincial Irrigation Fund will now stand at Rs. 12,31,000. including the additional grant-in-aid of 75,000 out of the 3 lakhs sanctioned from " Provincial ".

4. The Government sanctions from District Fund assets the special grant of Rs. 78,300 proposed for the Shimoga and Hassan Districts, in para 10 of Chief Engineer's Note. As regards Kadur District, it is observed that the marginally noted works were originally sanctioned from Local Funds General, and the allotments required therefor, aggregating Rs. 14,900, are sanctioned from that Fund. But the grant of Rs. 38,000 required for opening out Railway feeder from Lingadahalli to Birur is sanctioned from the assets of

(1) Bridging Tarikere-Hosdurga Road.
(2) Extending Balabudan Hill Road.
(3) Opening out loop line from Narve to Hariharpur.

Rs. 11,635 available at credit of this District on the 1st April 1891. The District Fund Budget for the year will be based upon the following:—

Rs.	
4,53,000	from District Funds.
82,100	from District Fund Assets.
14,900	from Local Fund General.
5,50,000	

5. *Establishment.*—Owing to the extra grant of 3 lakhs now sanctioned, under Provincial Fund, the proportionate establishment charges debitable to the several Funds shown in pages 2 and 3 of the Budget require alteration, which will be effected in the Final Budget.

6. With the above observations, the Preliminary Issue of Public Works Budget Estimates for 1891-92 is hereby sanctioned for Rs. 29,24,000.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

JULY 1891.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
1	4237--P. 59.	7th	The Deputy Commissioner of the Bangalore District.	Appeal No. 1075 of 12th August 1890. *Appellant.* *Vs.* *Respondent.* Revamma of Shanbhoganahalli, Closepet Taluk, Bangalore District. — Timmegauda. No. 128 was originally in the name of one Lakshmansing, and the trees thereon were in the name of one Ramanaiya. In 1878-79 Lakshmansing died and the land was resumed. Ramanaiya not having paid the tax on the trees, his right was sold by Government and purchased by Khasimsabi who sold it to Channegauda and who again sold it in 1887 to one Lakshmansing (not the former holder). The latter enjoyed not only the trees he purchased but also the land on which they stood; and on this being brought to notice, the Deputy Commissioner issued an order on 16th September 1887 that the land should be registered in the name of Lakshmansing and assessment collected from him with arrears. But before this order was carried out, Petitioner, the daughter of the original Khatedar Lakshmansing, complained on 9th November 1887 that the resumption of the land in 1879 was irregular and that it should therefore be confirmed to her on payment of the arrears. The Sub-Division Officer ordered on 30th September 1889 that the registry be made in the name of Petitioner if she agreed to pay the arrears. She paid the arrears accordingly and the land was put in her possession in 1889. On this Respondent, who purchased the land from Lakshmansing whose name was ordered to be registered in 1887, complained to the Deputy Commissioner who in 1890 reversed the order of the Sub-Division Officer and ordered the the land to be registered in the name of Respondent. The appeal was against this last order. *Decision.*—Government considered that the land having been resumed so long ago as

				1878-79, and Petitioner not having claimed it till November 1887, she had lost all her right to it. The Government were not therefore disposed to cancel the order issued by the Deputy Commissioner. The appeal dismissed.
2	4271--P. 56.	7th	The Deputy Commissioner of the Tumkur District.	Appeal No. 725 of 10th July 1890. *Appellant.* Vs. *Respondent.* Budmiah of Gubr, Tumkur Taluk. Basavadevar. Nos. 58, 59, 60 and 61 were originally an Inam granted to the Respondent's Matt. During the Inam Settlement, Nos. 58, 60 and 61 were treated as excess, and No. 59 was treated partly as Inam and partly as excess as shown below:—

		Acres.	Amount.
Inam	...	8·19	6 12 0
Excess	...	18·6	16 4 0
	Total.....	26·25	23 0 0

In 1883 the Respondent's father, who was the then Manager of the Matt, sold acres 13·4 out of the excess in No. 59 to Appellant and 5·2 to another man named Rangaiya. Subsequently the Inam Settlement was revised in 1889 when land assessed at Rs. 18-12-0 in No. 59 was treated as Inam and the remainder only, bearing an assessment of Rs. 4-4-0, was treated as excess.

Appellant then complained that as a portion of the land sold to Respondent's father was Mutt Inam, the sale was illegal and the Deputy Commissioner ordered in April 1890 that Respondent and Rangaiya should give back land assessed at Rs. 12 after receiving refund of purchase money from Appellant. The appeal was against this order.

Decision.—Held that as the land purchased by Petitioner and Rangaiya was not Inam when it was sold and was treated as Inam subsequently, it would be hard to cancel the sale on the ground that the land sold was Inam. The Deputy Commissioner was therefore requested to assign an extent equal to the portion of No. 59 treated as Inam subsequent to the purchase, in No. 60 or 61 held by Respondent, and treat the land purchased by Appellant and Rangaiya as Patta land. The

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				effect of this decision is that, of the total Inam assessed at Rs. 18-12-0, Inam of the value of Rs. 6-12-0 will be in No. 59 and the rest in No. 60 or 61, or both.
3	4272--P. 87.	7th	The Deputy Commissioner of the Mysore District.	Appeal No. 1744 of 9th November 1889. READ:— Letter from the Deputy Commissioner of Mysore, dated 8th January 1890, No. 814. READ:— Docket from the Deputy Commissioner of Mysore, dated 20th March 1891, No. 1494. *Appellant* .. Karimullakhan of Lashkar Mohalla, Mysore. In Government Proceedings, dated 1st October 1888, it was directed that, when any Irrigation Project was undertaken or was under consideration, no darkhast should be accepted for any land likely to be converted into wet by such work. Before this order was issued, Petitioner had applied for certain land under the proposed Kalnathpur Channel, and the darkhast was granted by the Amildar on 30th September 1888. The Deputy Commissioner cancelled the grant in January 1889 on the ground that the Amildar's order was not final. Petitioner appealed against this order. *Decision.*—As the land in question was granted to Petitioner prior to the issue of the Government order quoted above, the Government were pleased to allow him to remain in possession of it. The Deputy Commissioner's order was cancelled.
4	4269--P. 81.	8th	The Deputy Commissioner of the Kolar District.	Appeal No. 2019 of 26th October 1890. *Appellant.* *Vs.* *Respondent.* Venkatachallaiya of Balanagenhalli, Kolar Taluk. Seshachar. Appellant's share in the Kayamgutta village of Balanagenhalli was for arrears of revenue sold on the 28th August 1890 in auction at which Respondent purchased it for Rs. 517. Appellant stated that the whole village was sold at first, that the first sale was improperly cancelled, and that consequently the 2nd sale was illegal.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Decision.—Held that it was of little consequence on what grounds the 1st sale was cancelled, the purchaser in that sale not having complained about it, but the 2nd sale was illegal because it took place before the expiration of 30 days from the date on which the sale notice was published. The latter publication in the Kasaba of the Taluk took place on the 30th July 1890, whereas the sale was held on the 28th August 1890. This being contrary to the provisions of Section 173 of the Land Revenue Code, the sale was cancelled and it was ordered that a fresh notice should be issued to the Appellant and the village or Appellant's share in it re-sold, if he should fail to pay his dues within the time fixed.
5	4442--P. 62.	11th	The Deputy Commissioner of the Bangalore District.	Appeal No. 2187 of 13th September 1890. *Appellants* .. 1. Lakshmansing. 2. Subbasing of Marasandra, Dodballapur Taluk. Certain lands which belonged to Petitioner became submerged in consequence of the construction in 1882 of a dam by one Devarajaiya across the water course which irrigated the land. Prior to July 1885 (exact date is not known), Petitioner claimed the remission of assessment on account of submersion, but after enquiry, the Deputy Commissioner declined to grant the remission, and Petitioner resigned his holding 1887. The land had since been taken up by a other who also relinquished it shortly afterwar Petitioner was then demanded to pay the arre on the land prior to the relinquishment in 18 amounting to Rs. 131, and in appeal he request the remission of the arrears. *Decision.*—Government considered that t fact of the land having been relinquished is sure proof that it could not bear the assessme imposed upon it. They were, therefore, pleas to sanction the remission of the arrears due on prior to its relinquishment.
6	4443--P. 51.	Do	The Deputy Commissioner of the Hassan District. 				by them as to whether Respondents were allowed by Appellant any share out of the emoluments of the Shanbhog office in question during the 12 years preceding the date of institution of this suit and requested the submission of the evidence which may be taken on the point referred to, with the Deputy Commissioner's opinion thereon. With his docket No. 572, dated 17th March 1891, the Deputy Commissioner re-submitted the above records, and in continuation of the same submitted with his letter No. 593-5, dated 21st March, and docket No. 168, dated 15th June 1891, for orders of Government a Razinama presented by the contending parties praying that the Baraward of Hale-belgola Firka, consisting of 3 villages, namely, Hale-belgula, Ragi Bommenahalli and Parama, bearing a total Jamabandi of Rs. 2,325-14-4 with an estimated Potigi allowance of Rs. 81-12-0, may be made in the name of Ramanna, Respondent, and that the Baraward of the Gullanahalli Firka, consisting of 8 villages, namely, Basavanapura, Hossur, Gullenahalli, Mallasettihalli, Matinavole, Rajapura, Kempinakote and Kodi-belgula, bearing a total Jamabandi of Rs. 2,083-2-4 with an estimated Potigi allowance of Rs. 78-8-0, may be made in the name of Appellant Subbaraya as per their mutual settlement, this arrangement being in modification of the circles formed by the Survey Department when they made the Pakka Potigi Settlement and fixed the Potigi allowance for each circle. *Order thereon.*—The Government have no objection to the re-arrangement of the Firkas as agreed to by the parties concerned. It may be carried out in communication with the Superintendent of the Revenue Survey and the appointments to each circle made as proposed.
7	4444—P. 52.	11th	The Deputy Commissioner of the Hassan District.	Appeal No. 885 of 21st July 1890. *Appellant.* *Vs.* *Respondent.* Kada of Katanhalli, Hole-Narsipur Taluk. Maraiya. A certain village site belonging to one Kada was resumed by Government, he having deserted the village in 1877-78, and the tax due on it, *i. e.*, Rs. 0-8-0 was written off the accounts. Respondent took possession and built a house thereon. On the complaint of Petitioner in 1889, the Amildar recommended the site to be sold but the

				Deputy Commissioner ordered, on 21st February 1890, that the land be given to Respondent on payment of ½ rupee as price, and another ½ rupee on account of the tax due by the former owner. This order was appealed against. Petitioner stated that he is the uncle's son of the former owner, and is as such entitled to the land and requested that it might be given to him or sold in auction. *Decision.*—It being clear that the site was resumed by Government so long ago as 1877-78, Petitioner has no right to assert any claim to it now, and the Government did not think it necessary to interfere with the order of the Deputy Commissioner. Petition rejected.
8	4445--P. 31.	11th	The Deputy Commissioner of the Kadur District.	Appeal No. 2459 of 20th December 1890. *Appellant* .. Annappa Gauda of Nagalapur, Yedahalli Sub-Taluk Kadur District. Petitioner is the Hakdar Patel of Nagalapur Siragalole and Solur. In 1886 when a Patel had to be appointed for each village, the Petitioner kept Solur for himself, named his minor son Krishna for Siragalole, appointing one Nanjanna as gumasta, and for Nagalapur appointed Syed Sab as gumasta. In his appeal he requested that Nagalapur and Siragalole might be made into one charge as they are adjoining villages and he be appointed for the same, and that a gumasta might be appointed for Solur. The Deputy Commissioner did not recommend the amalgamation of Nagalapur and Siragalole into one charge, but said that the Petitioner might be permitted to do the duties of both the villages of Nagalapur on his own behalf and of Siragalole on behalf of his minor son, and that a gumasta might be appointed for Solur. *Decision.*—The Government had no objection to the arrangement proposed by the Deputy Commissioner and sanctioned it accordingly.
9	4681--P. 64.	18th	The Deputy Commissioner of the Bangalore District.	The Deputy Commissioner of the Bangalore District solicited, in his letter No. 423, dated 27th September 1888, orders of Government for resuming a portion of the land granted in the year

				1860 to one Appanna near Anikal for the purpose of building a Chattar with a well and flower garden for the use of travellers, which object has not been fulfilled as only a small temple with mantapams has been built on a small portion of it and the greater portion has been leased out by him for grazing, &c., and is otherwise kept in a disgraceful condition; and stated that the said vacant portion was required for the purpose of removing thither certain potters' kilns which are situated in the heart of the town of Anikal causing a public nuisance. Some further information called for in this Office No. 4106-192 of the 28th July was furnished in his letter No. 598, dated 24th November 1890, stating that Ramanna, the son of the original grantee (Appanna), is no longer a minor, as he is 24 years old, and that the extent of land actually granted to his father is 3 kolagas and 12½ padis of dry, which by commutation was equivalent to 1 kandi, 4 kolagas and 2 v., of wet, in which capacity it was treated in the accounts of subsequent years. After issuing notices to the parties concerned and giving them a hearing, the following order was passed. *Order.*—At the hearing before the Council, Ramanna has consented to build a Musafarkhana before 1st April 1892 at a cost of about Rs. 1,000. The Deputy Commissioner is therefore requested not to resume the land before that date, but to warn him that if he does not erect the building within the date above named, the land will be resumed and no further extension of time granted.
10	4682—P. 65.	18th	The Deputy Commissioner of the Bangalore District.	Appeals Nos. 2539 and 2294 of 25th January 1889 and 20th January 1890 respectively. *Appellant* .. Srinivasa Rangachari of Magadi, Bangalore District. Land No. 47, which stood in the name of Petitioner's brother Singarachari, was sold, on 31st August 1886, for arrears of revenue due by him (Singarachari). In 1889 Petitioner brought a suit against the Deputy Commissioner for having sold his land for the debts of his brother, but the suit was dismissed, and this decision was confirmed by the Chief Court in 1888.

				Although the sale was clearly right, Petition er was allowed a hearing on 10th July 1891, a he loudly complained that there was some injus tice and wanted to be heard, but he state nothing at the hearing that could induce Gover ment to set aside the sale. His contention wa that, on 3rd September 1886, the Deputy Com missioner allowed him 20 days' time to pay th money due, which virtually cancelled the sal It is true that the Deputy Commissioner gave hi the time with a view of cancelling the sale, bu as the Petitioner did not pay the money withi the time fixed, the sale was confirmed on 4t January 1887. The sale being thus legal, an the Petitioner also having had every opportunit to pay the money, his complaint was frivolous an was dismissed.
11	4690--P. 24.	18th	The Superintendent of Inam Settle-ments.	In his letter No. 658, dated 21st Januar 1889, the Deputy Commissioner of the Bangalor District submitted for orders vernacular pape regarding the unauthorized alienation of th Kayamgutta village of Naganathapur in th Bangalore Taluk, which was granted for servic in the Nageswaraswami temple at Begur, an recommended that the village be subject to a Jo of half assessment, and deducting therefrom th amount of Rs. 30 due to Government, the balan be paid to the temple for due performance o services therein. In reply to the queries put in Governme order No. 13066—524 of 21st February 189 the Deputy Commissioner reported in his lett No. 232, dated 20th June 1891, that the villag being Bechirakh the landlord derives no incom whatever, but for the past 6 or 7 years a sum Rs. 8 or 10 is being realized from Hulbanni; th the improvements effected by the lessee (the fath of the present enjoyer) are all now in ruins exce a kunte constructed by him; that the prese enjoyer subsequently planted casuarina plants 25 or 30 acres of land on vara tenure; and tha when the lease was originally granted, no portio of the village was under cultivation, nor has an portion since been brought under cultivation. *Order thereon.*—The document of Pla (1841-42) executed by Archak Naranaienga to Venkataraya clearly alienates the village wi the exception of the ten kolagas of land reserve as Inam. The village *minus* the land reserved a Inam should therefore be enfranchised on ha

The Inam reserved should be confirmed to the temple. With these remarks the papers were forwarded to the Inam Commissioner for disposal.

Two trees standing on Government land were sold by Government in December 1890 for Rs. 37-3-0. Petitioner stated that the trees were planted and grown by him, and that therefore they ought not to have been sold. *Decision.*—Held that the evidence produced to show that the trees were planted by him was not satisfactory, and that even if it was true that they were planted by him, he can have no right to them as they were planted on Government land without permission. Petition rejected.
3	4784-5—P. 86.	Do	The Deputy Commissioner of the Kolar District.	The Deputy Commissioner of the Kolar District referred the following subject for the orders of Government in his letter No. 744—181, dated 8th June 1891. The claim of the holder of the Kayamgutta village of Guttahalli to the right of enjoyment of the entire hill called Devarbetta was disallowed in 1873 after due investigation and the northern portion of it only was ordered to be reserved. On an appeal against this order of the Deputy Commissioner in 1875, the late Chief Commissioner granted an endorsement to the Kayamguttadar on 7th September 1875 to the effect that if the Survey Department made no alterations the decision above alluded to should remain undisturbed. Upon an application from the Kayamguttadar for a Mafi license to cut and remove fuel from the hill, Mr. C. Subba Rao, who was Deputy Commissioner in 1884, passed an order on 18th March to the effect that the whole hill should be conserved and improved and that the Kayamguttadar's claim to it was disallowed.

Serial No.	Proceedings. No.	Proceedings. Date	Proceedings. To whom sent.	Subject and Order.
				This order having been appealed against, the Dewan declined to interfere and remarked that the Kayamguttadar's claim to the hill and the trees was decided against him by the late Chief Commissioner and the Inam Settlement gave him no right to the forests in the village (*vide* endorsement No. 141, dated 10th September 1885). During the Survey Settlement, the southern slope of the hill was conceded to the Kayamgutta village on the ground of enjoyment and the decision of the late Deputy Commissioner Mr. Krishnaiengar. Now as the Kayamguttadar has applied for Mafi license to cut and remove the fuel from the southern part of the hill, the Deputy Commissioner solicits orders as to whether he may be allowed the right to the southern portion of the hill as he (Deputy Commissioner) considers that the Dewan's order above referred to does not modify Chief Commissioner's decision. *Order thereon.*—The Dewan's order of 10th September 1885, No. 923, did not preclude the settlement of the boundary dispute by the Survey Department. As the Survey Department have, subsequent to the said order, decided that the southern slope of the hill should belong to the Kayamguttadar, the Government have no objection to the Inamdar's right to the same being recognized, notwithstanding the remark in the Inam Register (15th July 1880) that "all rights to Forests, Sayer and Abkari are reserved." The reservation of the forest rights in the Inam Settlement was apparently due to the boundary dispute which was then pending settlement.
14	4786—P. 99.	18th	The Deputy Commissioner of the Mysore District.	Appeal No. 1182 of 12th August 1890. *Appellant* .. Basaveguda of Unmattur Chamrajnagar Taluk Mysore District. Petitioner's father, who is now dead, was the Patel of the village. In 1883, Petitioner was allowed to do duties of the office for his father, but having been found guilty of having misappropriated a sum of Rs. 20 paid by his father for assessment, and also of having been negligent in his work, was suspended for 3 years from 27th May 1889 and his brother was appointed in his place

				Decision.—Petitioner in appeal requested that the suspension might be cancelled, but was not able to explain his innocence satisfactorily. Appeal therefore dismissed.
15	4787--P. 12.	18th	The Deputy Commissioner of the Shimoga District.	Appeal No. 424 of 8th June 1890. *Appellant.* Vs. *Respondents.* Gopalappa of Honnalli, Shimoga District. 1. Timmappa. 2. Hanumaiya. This was an appeal against the order of the Deputy Commissioner, dated 18th May 1890, declining to recognize the transfer of land (acres 15·39, assessed at Rs. 29) made to Appellant by the 2nd Respondent in August 1889. The facts of the case are briefly as follows :— One now-working sharer of a Pateli Inam, named Madaiya, had the Inam land, which his widow Puttamma and brother Lingappa relinquished in 1879. The land was accordingly ordered to be treated as Sarkari. On the application of a raiyat in 1880 for the cultivation of the land, the 2nd Respondent claimed it on the ground that he was a collateral heir of the late Inam holder Madaiya, and that the relinquishment was made by his widow without his consent. In March 1881, the Deputy Commissioner decided that the land should be given to the 2nd Respondent in preference to the new applicant and it was accordingly entered in the accounts in his name, not as Inam but as Sarkari. In August 1889, the 2nd Respondent transferred the land to the Appellant, but the 1st Respondent who is the nephew of the 2nd Respondent objected to the transfer, on the ground that the land being a Service Inam, the 2nd Respondent had no right to transfer it to another without his consent. The Deputy Commissioner recognized the claim of the 1st Respondent and refused to sanction the transfer. Notwithstanding this refusal to accept the transfer, Appellant alienated greater portion of the land to Linganna, Banamma and Madike Timmaiya, the first of whom, so far as his share was concerned, brought a suit in Civil Courts against the 1st and 2nd Respondents and obtained a decree in his favor. The 2nd Respondent on the other hand transferred the land to the 1st Respondent and this transfer was accepted by the Revenue authorities.

				It was not clear in whose possession the whole land was at the time of hearing. The Appellant stated that his alienees were in possession and the 1st Respondent stated that he had possession. *Decision.*—With whomsoever the possession might be, the order of the Deputy Commissioner declining to accept the transfer made by the 2nd Respondent to Appellant was clearly wrong. Section XXVII of the Potigi rules of 1874 now in force declares that any hereditary officer in possession of Pateli land is competent to relinquish it, and that when it is relinquished, it should be entered in the accounts as Government land, and Section XXVIII lays down that the official land in the possession of sharers forms no part of the remuneration of the officiator or person who does the duties of the Patel. This being so, the entry of the land as Sarkari in the accounts after it was relinquished by the former holder of the Inam was perfectly correct, and it cannot be said that it was Service Inam when it was transferred to the Appellant. The order of the Deputy Commissioner refusing to recognize the transfer of the land by the 2nd Respondent to the Appellant was therefore wrong and it was cancelled. The Deputy Commissioner was directed to register the land in the name of the Appellant. The 1st Respondent must establish his claim, if any, in Civil Courts.

Appellant's grand-father Darva was the Toti of the village. He died in 1878, leaving a son Nanja, Appellant's father, who being physically unfit, the Respondent, who was a stranger, was appointed. Appellant was then 7 years old. In 1890, Appellant claimed the office and the Deputy Commissioner, while ordering Appellant's name to be registered in the Baraward, directed him to wait for the appointment till Putta (the Respondent) died. The appeal was against this order. *Decision.*—Government considered that it was not proper to make the Appellant wait for

				the office till the Respondent's death. The Deputy Commissioner was therefore requested to restore Appellant to office at once. He (Appellant) has agreed to allow the Respondent to enjoy for life half the dry Inam assigned for the office, and the Government had no objection to this being done.
17	4874--P. 15.	13th	The Deputy Commissioner of the Chitaldroog District.	Appeal No. 2072 of 1st December 1890. *Appellant.* *Vs.* *Respondent.* Guru Rao of Nilanhalli, Davangere Taluk, Chitaldroog District. Martandappa. At the Potigi Settlement in 1877-78, Appellant's father Ganappa, who was then Patel of Nilanhalli and some more villages, got this village Nilanhalli registered in the name of his *Dayadi*, the Respondent, who was then a minor, and nominated a Gumasta named Rayappa. In 1889 Respondent tried to oust the Gumasta, but the Appellant having objected to the removal of the gumasta, he was ordered to bring a suit to establish his right. He accordingly brought this suit in 1890 which was dismissed by the Deputy Commissioner, and the appeal was against that decree. It was admitted on both sides that up to 1877-78 Appellant's father was the Patel. The Appellant's contention was that the Respondent's appointment was a *Binami* transaction, made simply because the rules, as then understood, did not allow one man to hold office in more than one village, that the Respondent had and has no right to the office, that he never enjoyed the remuneration allowed for the office. The Respondent pleaded that he is a member of the family and as such entitled to the office, and that the Appellant's father got his name registered in recognition of his right, and that the appointment was not nominal as alleged by the Appellant. The Deputy Commissioner did not go into the question, whether the Respondent had right to hold the office or not, but simply decided that the Respondent is entitled to remain as registered Patel of the village so long as he is alive, it being left to be determined after his death whether his heirs or the Appellant or his heirs should succeed

				to the office. He evidently came to this conclusion on the ground that the appointment of the Respondent was unconditional and that an appointment once made cannot be cancelled. *Decision.*—Held that the Deputy Commissioner erred in considering that the appointment made in 1877-78 was conclusive as regards Respondent's right. No doubt from the fact that Appellant's father gave his consent to the nomination of Respondent, it may be presumed that Respondent had a right to the office, but it is not an irrebuttable presumption. Moreover, if the Respondent's right is now recognised, it cannot, as suggested by the Deputy Commissioner, be questioned again on his death. The Deputy Commissioner was therefore requested to take further evidence on the following points, and after recording his finding on each point, pass a Decree *de novo* :— I. Is the Respondent entitled to the office irrespective of his appointment in 1877-78 at the instance of Appellant's father? II. By whom was the Gumasta appointed—by Appellant's father or Respondent's guardians? III. Has the Respondent or Appellant enjoyed any portion of the emoluments of the office ever since 1877-78? IV. Did the Appellant's father consent to the nomination of the Respondent because he had a right to the office, or was it a *Binami* transaction entered into merely to secure compliance with the then rules? V. Whether the suit is barred by limitation or not.

				minor was appointed in 1887 in his place, and Appellant was nominated as his Gumasta. Appellant now claims the office in his own right. Appellant and Respondent are distantly related to each other; but for all practical purposes they may be regarded as members of different families. The ancestors of both the Appellant and Respondent were once Patels of the village. The Register of 1847 shows that Respondent's uncle and Appellant's uncle were Patels, and the Register of 1865 shows that the then registered Patels were the uncle of the Respondent and a cousin of the Appellant. Appellant's father's name appears as a Hissedar. In the Potigi Settlement of 1877, Respondent's father was appointed Patel, but the Appellant's father appears to have done duties with him. *Decision.*—In a case like this where there were 2 Patels for a village, it is only fair that the descendants of both should have a chance. As the Respondent's father was appointed Patel in 1877, it is proper that the Appellant or some one representing his family should be appointed this time. The Deputy Commissioner stated that one Timmaiya, a direct descendant of Appellant's uncle, the registered holder of 1847, is alive and has better claims than the Appellant. The Deputy Commissioner was requested to examine the Appellant and Timmaiya, and appoint the more eligible of them.

				such cases all of which were settled by the Superintendent of Revenue Survey himself in accordence with the Rules of 27th October 1874. *Order.*—It is not the intention of Government that the Firkas of Shanbhogs should be revised to the detriment of the rights of the hereditary claimants. Letter No. 125, dated 26th May 1891 from the Deputy Commissioner, Hassan District, reporting on Petition No. 1521, dated 15th September last from Narainswamaiengar of Nonavinkere in the Tiptur Taluk, Tumkur District, claiming the continuance of the "Chauthayi" concession on certain lands purchased by him in a revenue sale in the Chamarayapatna Taluk. *Order thereon*—Petitioner is certainly entitled to the "Chauthayi" remission which the former occupant of the lands enjoyed, and it should be allowed to him on condition of his maintaining the tank in good order.

Appellant and Respondent are brothers, Appellant being the older of the two. In 1888, their divided brother Ponnareddi, who was Patel of the village, embezzled Government money amounting to Rs. 101-0-3 and died. The Appellant and Respondent each paid the money embezzled by their brother,—the Appellant on 30th January 1889 and the Respondent on 30th September 1888,—and claimed the office. The payments were kept in deposit and the Appellant was told that the appointment would be given to him if he paid the arrears of assessment due on his own lands within a certain time. The Appellant promised to pay the arrears within the time allowed, but failed to keep to his promise. The

				Deputy Commissioner therefore gave the appointment to Respondent in March 1889 and ordered the money paid by the Appellant to be credited to his arrears. The Appellant appealed against this order. He stated that, under the terms of partition between himself and his brother, he was entitled to have the office, that he had since paid all the arrears due, and that he was also willing to pay any more arrears due to Government, and refund to the Respondent the sum he had paid with the interest at which he actually borrowed the money The Respondent did not press for the appointment being given to himself, and stated that he was willing to receive the money paid by him if refunded to him with interest. *Decision.*—Government were of opinion that irrespective of any terms of partition between the brothers, Appellant was entitled to the office, being older than the Respondent, and they accordingly directed that the appointment be given to him, provided he refunds to the Respondent the embezzled money paid by him to Government with interest at the rate at which he borrowed it, and any arrear of revenue that may be due by him to Government within the 30th of September 1891.

Petitioner requested that the arrears of revenue due by him for years 1886-87 to 1889-90 be remitted as the tank under which his lands are cultivated was out of repair in those years. *Decision.*—The records received from the District show that Petitioner's lands were for the most part cultivated in those years and a crop raised thereon, and the Petitioner who was heard in person failed to show reason why his arrear should be remitted. The Petition was dismissed.

25	5611--P. 64.	31st	The Deputy Commissioner of the Hassan District.	Letter No. 71—5, dated 12th May 1891, from the Deputy Commissioner, Hassan District. *Appellant.* *Vs.* *Respondent.* Hutcha, Talavar of Hulikal, Arkalgud Taluk. Venkatachallaiengar *alias* Appasastri. Appellant, who is the Talavar of the village, complained that his Talavar Inam (acres 5·24 assessed at Rs. 6) is improperly enjoyed by the Respondent and requested that it be made over to him. The Respondent was not able to account how he obtained possession of the land, but pleaded long possession and refused to make it over to the Appellant. The records received show that the land in dispute is undoubtedly Service Inam and that once when there was a dispute regarding its possession, the Deputy Commissioner decided in 1865 that the possession should remain with the Respondent's father and that he should pay the assessment thereon to the Talavar. The decision was re-affirmed in 1885. One Kari Basava, who was once doing Talavar's duties, stated that one of the former Talavars made over the land to Respondent in exchange for a house. The story is probable. The Respondent admitted having paid the assessment to the Shanbhog, who stated that he paid it over to the Tavalar. The former assessment of the Inam was Rs. 8-11-8, but the present survey assessment is only Rs. 6. From the enquiry at the hearing, it appeared that even after the introduction of the Survey, the Respondent paid and the Appellant received 30 Fanams equal to Rs. 8-12-0 on account of the Inam. The exact time when the Respondent obtained possession of the land cannot be ascertained, but a remark is made in the order of 1865 that Respondent's father had possession for a long time. This shows that Respondent has been in possession for at least 40 or 50 years. *Decision.*—Considering the long enjoyment of the land by Respondent, the Government directed that the land be fully assessed and left in the

				possession of the Respondent and a waste land of equal value granted as Inam to Talavar. As, by this arrangement, the Respondent gains a reduction of assessment, that is, as he will have to pay Government only Rs. 6 in lieu of Rs. 8-11-8 which he formerly paid to the Talavar, he should be called upon to pay to the Talavar a lump sum of Rs. 50 to enable the Talavar to bring the new land granted to him under cultivation. The Deputy Commissioner should also see that the Rs. 50 is spent on the land granted as Inam. If the Respondent does not agree to this settlement, the land must be made over to the Talavar.
